

# Plat of Survey

The plat (as it is commonly called) is the legal description of the property, which indicates the size and shape of the land. This document is normally given to the homeowner at the closing of the house and should be kept for future reference.

Property Lines

The preferred replacement of the driveway is to remove the existing apron (approach) and install a new apron (approach) that is in direct line with the new driveway. If this is done the area where the old apron (approach) was needs to be replaced with a barrier curb.
