## Hoffman Estates approves Comprehensive Plan

The Village Board of Hoffman Estates approved a new Comprehensive Plan that will guide development and redevelopment for the next five to 10 years. The Comprehensive Plan establishes long-range development policies and guidelines for the entire community. It identifies and plans for the physical, economic, cultural, environmental, aesthetic and related factors that affect community vitality, growth and change.

Key components of the Comprehensive Plan include:

- Economic development
- Transportation (including future regional commuter rail service [the STAR Line])
- Land use
- Neighborhoods
- Open space

The planning process included citizen input at several open house meetings, as well as through meetings conducted by the Comprehensive Plan Advisory Committee. The input from those meetings was reflected in the creation of more specific ideas for each of the areas listed above. To view the Comprehensive Plan, please visit the Village's Web site at [www.hoffmanestates.org](http://www.hoffmanestates.org), and click on the "Forms" link. From there, you will be able to download the PDF.
