For its Annual Comprehensive Financial Report For the Fiscal Year Ended

December 31, 2021

Christopher P. Morrill

Executive Director/CEO

# **HOFFMAN ESTATES**

July 31, 2023

The Honorable William McLeod, President Board of Trustees Village Manager Eric Palm Citizens of the Village of Hoffman Estates

State law requires that every general-purpose local government publish a complete set of audited financial statements. This report is published to fulfill that requirement for the fiscal year ended December 31, 2022.

Management assumes full responsibility for the completeness and reliability of the information contained in this report, based upon a comprehensive framework of internal control that it has established for this purpose. Because the cost of internal control should not exceed anticipated benefits, the objective is to provide reasonable, rather than absolute, assurance that the financial statements are free of any material misstatements.

State statutes require an annual audit by independent certified public accountants. The accounting firm of FORVIS performed the audit this year. The independent auditor's report is included in the Financial Section of this report. The auditors have given this report an unmodified ("clean") opinion, meaning that the financial statements fairly present the Village's financial position at December 31, 2022, and the changes in financial position for the year then ended.

Management's discussion and analysis (MD&A) immediately follows the independent auditor's report and provides a narrative introduction, overview, and analysis of the basic financial statements. MD&A complements this letter of transmittal and should be read in conjunction with it.

#### **Profile of the Government**

The Village of Hoffman Estates, incorporated in 1959, operates under the council/manager form of government. The legislative body consists of the Village President and Board of six Trustees, all elected on an at-large basis to overlapping four-year terms. The Village Manager is responsible for the day-to-day administration of the Village. The Village is a home rule municipality as defined by the Illinois Constitution. Located approximately thirty miles northwest of Chicago, in the Counties of Cook and Kane, the Village occupies a land area of approximately 22.1 square miles.

Results of the 2020 Census were received in June, 2021 and show the Village's total population at 52,530. This figure represents an increase of 635 from the last decennial census, which was completed in 2010. The Village is projected to reach its population maximum at 58,000 residents.

Additional demographic information about the Village may be found in the Statistical Section of this report.

The Village provides a full range of general governmental services, including police and fire protection, health and social services, water and sewer utilities, street construction and maintenance, code enforcement, planning and zoning, and general administrative services. The financial reporting entity of the Village of Hoffman Estates is comprised of all funds of the primary government (i.e., the Village of Hoffman

Estates as legally defined) and its pension trust funds: the Hoffman Estates Police Pension Fund and the Hoffman Estates Firefighters' Pension Fund. These funds were determined to be pension trust funds due to their fiduciary and fiscal relationship with the Village as their sole purpose is to provide retirement benefits to the Village's sworn police officers and firefighters. Tax increment financing (TIF) districts have been reported as blended funds in the Village's financial statements, as they are not legally separate. No other legally separate entity qualifies as a component unit of the Village.

The annual budget serves as the foundation for the Village's financial planning and control. State law requires that a municipality operating under the budget system adopt its annual budget prior to the start of its fiscal year. Through the budget, spending authority is conveyed by expenditure object. Budgetary control is maintained by the use of encumbrance accounting under which purchase orders, contracts, and other commitments are effectively recorded as temporary expenditures in order to reserve the proper portion of the applicable budgetary account. The legal level of budgetary control is the department level, or, where no departmental segregation of a fund exists, the fund level.

#### **Local Economy**

The economy improved through most sectors in Hoffman Estates during 2022 as observed in retail, residential, office, and industrial.

Office/Light Industrial: The Village continued capitalizing on the increase of industrial demand as Microsoft continued construction of their large data center facility on 53 acres along Lakewood Boulevard which brought substantial revenue to the Village. Other data centers showed interest in Hoffman Estates but none have finalized site plans. Hoffman Estates hosted a table at the Bisnow Midwest Data Center conference to help solidify the industry's image of Hoffman Estates being the place to develop data centers. Data centers help diversify the tax base by bringing in a different type of income stream from electrical utility taxes and substantial property taxes.

**Retail/Restaurants:** Many retail and restaurant locations in the Village have held ribbon cuttings over the past year. HomeGoods, Crumbl Cookies and Bath & Body Works all opened in the Poplar Creek Crossing shopping center, and numerous new restaurants opened across Hoffman Estates.

#### Village TIF Districts:

#### Lakewood Center TIF District:

Significant activity continued at Bell Works Chicagoland, the redevelopment of the former AT&T campus by Inspired by Somerset Development. Several new tenants recently held grand opening celebrations at Bell Works, including Heritage Crystal Clean, an environmental services firm that relocated its 140-employee headquarters to the Village from Elgin. Other new tenants include Headline Solar and Club Colors screen printing.

#### Roselle Road TIF District:

Roselle, Higgins and Golf continued to be one of the most active economic development areas in 2022. By the end of 2022, Golf Center was nearly fully leased, as Robin Realty, the center owner, worked to retain and attract tenants. Sterling Organization, the owner of Hoffman Plaza, worked to redevelop the center by completing construction and buildout of an outlot on the south side of the center with a Banfield Pet Hospital. Sterling then sold the center to Amcap and the new owners began strategizing filling and building out the rest of the center. The Village continued to work with the owner and developer of 80 West Higgins Road to improve the stormwater system along Roselle Road by installing new infrastructure on the east side of Roselle Road where crumbling storm pipes were in place. They also plan to make improvements to the stormwater in front of their site in 2023.

#### Higgins Hassell TIF District:

Facade construction was completed on the in-line building of the center while plan preparation began for the construction of a Popeye's Louisiana Kitchen on the outlot between Buona Beef and McDonald's. This is expected to begin construction in 2024. The center owner also entered into a contract with a multi-family

developer to construct 600 Class A apartment units on the mixed-use site. The developer will work through the entitlement process in 2023

#### Barrington Higgins TIF District:

Ala Carte Entertainment, owners of four restaurant buildings within the District and managers of the Property Owners Association, resurfaced the private ring road which connects the five sites to Barrington and Higgins Roads. Additionally, the Village worked with an engineering firm to design and install a new handrail along the sidewalk on Higgins Road protecting pedestrians from the open pond.

#### Higgins-Old Sutton TIF District:

This TIF was created in January 2020 yet has not had any development activity. The Village is working with the owner on a development agreement to bring utilities to the site while also working with a developer who could construct several hundred multi-family units on the northwest corner of Higgins Road and Old Sutton Road.

#### Residential:

A new 296-unit, townhome-style multifamily project began construction in 2022 at the southeast corner of Higgins Road and Moon Lake Boulevard. "Seasons at Hoffman Estates" will feature eight three-story buildings with a mix of market-rate apartment units ranging from studios to three bedrooms. Milwaukee-based Fiduciary Real Estate Development plans to feature a clubhouse, pool and fitness center on the thirteen-acre site surrounding the existing Poplar Creek Office Plaza. Additionally Somerset Development continued its sustained Metroburb vision for the former AT&T campus, Bell Works, whereby the 1.6 million square foot former office site is transforming into a mixed-use hub for office, residential, retail, service, hotel, and conference center uses. While the initial work continues towards the townhouses, apartments, and hotel, all public areas are fully remodeled on the East phase of the building. Other single-family subdivisions continued through planning stages while several interested parties considered sites in Hoffman Estates but did not finalize contracts by the end of 2022.

#### **Long-term Financial Planning**

The Village has a history of sound planning and financial practices. The Village's first Comprehensive Plan was prepared by outside consultants and was adopted in 1969 and has been updated several times since then, most recently in April, 2009. A full update is planned to begin in 2024. The Comprehensive Plan is intended to guide the long range development policy of the Village. A broad array of development related issues are discussed in the plan, including transportation, land use, and economic development. The general guidance provided by the plan is considered when new developments are proposed and when specific programs are considered for implementation by the Village. Over time, it is expected that the broad policies in the plan may need to be adapted to meet changing conditions. Many of the policies of the plan are proposed with this need for flexibility in mind.

The Village also takes stringent steps in preparing for long-term capital planning. Every year, the Village produces a five-year Capital Improvements Program (CIP) budget, which focuses on all vehicles and all capital items that are over \$25,000. The CIP is the result of an ongoing infrastructure and vehicles/equipment planning process. These planning decisions are made with regard to both existing and new facilities and equipment. For existing facilities, the planning process addresses appropriate maintenance strategies and repair versus replacement of facilities. New service demands are also considered since they will affect capital facility requirements as well.

In addition, the Village continues to implement its Sustainability Plan. This plan formally recognizes the green initiatives that the Village has already undertaken, assists in prioritizing future green initiatives and capital projects, identifies potential financial savings, and better positions the Village for future grant and rebate opportunities. The Plan calls for consideration of efficiency, environmental impact, and the long-term viability of the Village's fiscal health.

The Village Board has established guidelines for budgetary and planning purposes of the amount of unassigned fund balance in the General Fund that should be kept as a reserve. This policy states:

"The Village will strive to maintain an Unassigned Fund Balance within the General Fund equal to 25% of the preceding year's annual operating budget (not including transfers to fund capital projects), barring any unforeseen circumstances that may arise as a result of the State of Illinois' financial condition. While the General Fund is above this level of fund balance, any year where year-end revenues exceed expenditures, the amount of surplus will remain in the General Fund or be transferred to other funds to address known future financial needs. This utilization of General Fund surplus will be brought before the Village President and Board of Trustees annually, when applicable, during the Operating Budget process via a recommendation by the Village Manager."

As of December 31, 2022, General Fund unassigned fund balance is 40.1% of budgeted operating expenditures and transfers.

#### **Relevant Financial Policies**

The Village has established several specific policies to guide its financial operations. Those policies relate to financial stability and reporting, debt issuance, investment and cash management, purchasing, and budget development and adjustment. Some of the most significant policies include:

- Issue an Annual Comprehensive Financial report within 180 days of the end of each fiscal year that complies with generally accepted accounting principles. (Financial Stability and Reporting)
- Capitalize building improvements, land improvements, infrastructure, vehicles, and equipment having a minimum acquisition cost of \$10,000 or more on an individual asset basis. (Financial Stability and Reporting)
- The budget of a fund shall be considered "balanced" when planned revenues or existing fund equity
  equal or exceed planned expenditures, that is, total outlays or disbursements, for a fiscal year.
  (Budget Development and Adjustment)
- Invest public funds in a manner that will provide a competitive investment return with the maximum security while meeting daily cash flow demands of the Village and conform to all state statutes governing the investment of public funds. (Investment and Cash Management)
- Require that all bank deposits be collateralized with high-quality securities having a market value of at least 110% of the underlying securities. (Investment and Cash Management)
- Place all investment securities with a third-party custodian for safekeeping. (Investment and Cash Management)
- Conduct a formal competitive bidding process (newspaper publication) for purchases of \$20,000 or more. (Purchasing)

#### **Major Initiatives**

The Village of Hoffman Estates is dedicated to constantly improving the delivery of its services, thereby enhancing the quality of life for its residents and the operating environment for its businesses. The Village Board sets priorities and goals that provide valuable input into the financial planning and practices that will take place throughout the rest of the year, specifically during the budgeting process. The most recently established priorities are:

#### Strategic Planning Priorities:

• Communication – Effectively communicate the Village priorities and information to the community in a clear, direct and proactive manner that increases engagement and understanding of Village services, initiatives and programs.

- Sustainability Explore and implement sustainable programs and practices as outlined in the Sustainability Plan by applying for grant opportunities, and integrate sustainability into Village operations where feasible.
- Transportation Collaborate with local, regional, state, and national agencies to identify and implement initiatives to improve all modes of public transportation, including bicycle and pedestrian travel, throughout the Village.
- Infrastructure Maintain and improve the Village's infrastructure, including designing, funding, and implementing a comprehensive and continuing revitalization program for Village streets, water, sanitary sewer, sidewalks, and storm water management projects.
- Public Safety Ensure the health, welfare, and safety of Village residents and businesses
  through provision of excellent public safety services, including EMS, fire, police, and emergency
  management, as well as affordable physical and mental health and wellness services.
- Fiscal Responsibility Provide municipal services in a fiscally sustainable manner given current economic conditions, and continue to be a leader in legislative advocacy to protect local governmental revenue streams and oppose unfunded mandates.
- Economic Development Create a thriving and vital local economy with a strong blend of retail, clean-industrial, commercial, and residential properties.
- Technology Evaluate and integrate emerging technology and communication tools where feasible to streamline operations, improve service delivery, foster sustainability, and increase accessibility and convenience to residents and businesses.
- Organizational Development Enhance the Village's operations through employee development
  and training in core skill sets that will develop our employees and create a cadre of future leaders
  for the organization.

#### **Awards and Acknowledgements**

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the Village of Hoffman Estates for its annual comprehensive financial report for the fiscal year ended December 31, 2021. This was the thirty-ninth consecutive year the Village has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized annual comprehensive financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current annual comprehensive financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to the GFOA to determine its eligibility for another certificate.

In addition, the Village of Hoffman Estates received the GFOA's Distinguished Budget Presentation Award for its annual budget for the 2022 fiscal year. In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as an operations guide, as a financial plan, and as a communications device. This is the thirteenth year the Village has received this award.

The preparation of this report on a timely basis was made possible by the efficient and dedicated services of the entire staff of the Finance Department. Each member of the department has my sincere appreciation for the contributions made in the preparation of this report. In addition, I would like to thank the Village

President, the Village Trustees and the Village Manager for their leadership and support in planning and conducting the financial affairs of the Village in a responsible and progressive manner.

Respectfully submitted,

Rachel Musiala Director of Finance

#### **Independent Auditor's Report**

The Honorable Village President Members of the Board of Trustees Village of Hoffman Estates, Illinois

#### **Report on the Audit of the Financial Statements**

#### **Opinions**

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Village of Hoffman Estates, Illinois (Village) as of and for the year ended December 31, 2022, and the related notes to financial statements which collectively comprise the Village's basic financial statements as listed in the table of contents.

In our opinion, based on our audit and the report of the other auditors, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the Village, as of December 31, 2022, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements of the EDA Special Tax Allocation Fund, the custodial fund of the Village which represent 0.00%, 0.00% and 31%, respectively, of assets, fund balance/net position, and revenues/additions of the aggregate remaining fund information as of December 31, 2022. Those statements were audited by other auditors whose report has been furnished to us, and our opinion for the aggregate remaining fund information, insofar as it relates to the amounts included for the EDA Special Tax Allocation Fund, the custodial fund of the Village is based solely on the report of the other auditors.

#### Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Village, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions. The financial statements of the EDA Special Tax Allocation Fund audited by other auditors were not audited in accordance with *Governmental Auditing Standards*.

#### Emphasis of Matter

As discussed in Note 1 to the financial statements, in 2022, the Village adopted Governmental Accounting Standards Board Statement No. 87, *Leases*. Our opinions are not modified with respect to this matter.

The Honorable Village President Members of the Board of Trustees Village of Hoffman Estates, Illinois Page 2

#### Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Village's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

#### Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and Government Auditing Standards, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to
  fraud or error, and design and perform audit procedures responsive to those risks. Such
  procedures include examining, on a test basis, evidence regarding the amounts and disclosures
  in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit
  procedures that are appropriate in the circumstances, but not for the purpose of expressing an
  opinion on the effectiveness of the Village's internal control. Accordingly, no such opinion is
  expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Village's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

The Honorable Village President Members of the Board of Trustees Village of Hoffman Estates, Illinois Page 3

#### **Required Supplementary Information**

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis, budgetary comparison schedule for the General Fund, pension and other postemployment benefit information, as listed in the table of contents, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

#### **Supplementary Information**

Our audit for the year ended December 31, 2022, was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Village's basic financial statements. The combining and individual fund financial statements and schedules and other supplementary information for the year ended December 31, 2022, as listed in the table of contents, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements for the year ended December 31, 2022, and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and schedules and other supplementary information as listed in the table of contents are fairly stated, in all material respects, in relation to the basic financial statements as a whole for the year ended December 31, 2022.

We also previously audited, in accordance with auditing standards generally accepted in the United States of America, the basic financial statements of the Village as of and for the year ended December 31, 2021 (not presented herein), and have issued our report thereon dated June 20, 2022, which contained unmodified opinions on the respective financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information. The combining and individual fund financial statements and schedules and other supplementary information for the year ended December 31, 2021, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and related directly to the underlying accounting and other records used to prepare the 2021 financial statements. The information was subjected to the audit procedures applied in the audit of the 2021 basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare those financial statements or to those financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the combining and individual fund financial statements and schedules and other supplementary information is fairly stated in all material respects in relation to the basic financial statements as a whole for the year ended December 31, 2021.

The Honorable Village President Members of the Board of Trustees Village of Hoffman Estates, Illinois Page 4

#### Other Information in Annual Comprehensive Financial Report

Management is responsible for the other information included in the annual comprehensive financial report. The other information comprises the introductory section, the statistical section, and continuing disclosure – Annual Financial Information – Annual Report, as listed in the table of contents, but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated July 31, 2023, on our consideration of Village's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of Village's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Village's internal control over financial reporting and compliance.

FORVIS, LLP

Oakbrook Terrace, Illinois July 31, 2023

#### VILLAGE OF HOFFMAN ESTATES, ILLINOIS MANAGEMENT'S DISCUSSION AND ANALYSIS December 31, 2022

As management of the Village of Hoffman Estates (the "Village"), we offer readers of the Village's financial statements this narrative overview and analysis of the financial activities of the Village for the fiscal year ended December 31, 2022. Since the Management's Discussion and Analysis (MD&A) is designed to focus on the current year's activities, resulting changes and currently known facts, please read it in conjunction with the Transmittal Letter (beginning on page iv) and the Village's financial statements (beginning on page 5). Comparative amounts for 2021 within this discussion and analysis have not been restated for the effects of adoption of GASB Statement No. 87, *Leases*.

#### **OVERVIEW OF THE FINANCIAL STATEMENTS**

This discussion and analysis are intended to serve as an introduction to the Village's basic financial statements. The Village's basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

#### **Government-Wide Financial Statements**

The *government-wide financial statements* are designed to provide readers with a broad overview of the Village's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of the Village's assets, deferred outflows of resources, liabilities and deferred inflows of resources, with the difference reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Village is improving or deteriorating.

The statement of activities presents information showing how the Village's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

Both of the government-wide financial statements distinguish functions of the Village that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities reflect the Village's basic services, including general government, public safety, highways and streets, sanitation, health and welfare, economic development, and culture and recreation. The business-type activities include the water and sewer operations and the operation of the NOW Arena.

The government-wide financial statements can be found on pages 5 through 8 of this report.

#### **Fund Financial Statements**

A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Village, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the Village can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

**Governmental Funds.** Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of spendable resources, as well as balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

The Village maintains 28 individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenue, expenditures, and changes in fund balances for the General Fund and the Lakewood Center TIF Fund, which are considered to be major funds. Data from the other 26 governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these nonmajor governmental funds is provided in the form of combining statements elsewhere in this report.

The Village adopts an annual budget for its General Fund, Special Revenue Funds, Debt Service Funds, Capital Projects Funds, Enterprise Funds, Internal Service Funds, and Fiduciary Funds. A budgetary comparison statement has been provided for each of these funds to demonstrate compliance with this budget.

The basic governmental fund financial statements can be found on pages 9 through 15 of this report.

**Proprietary Funds.** The Village maintains two different types of proprietary funds: enterprise funds and internal service funds. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The Village uses enterprise funds to account for its water and sewer system as well as the operation of the NOW Arena. Formerly known as the Sears Centre Arena, ownership of the NOW Arena was taken over by the Village in late 2009 and was renamed in 2019. Internal service funds are an accounting device used to accumulate and allocate costs internally among the Village's various functions. The Village uses internal service funds to account for the costs of property and casualty insurance, workers' compensation insurance, and its information systems. Because both of these services predominantly benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements.

Proprietary funds provide the same type of information as the government-wide financial statements, only in more detail. The proprietary fund financial statements provide separate information for the Waterworks and Sewerage Fund, which is considered to be a major fund of the Village. Conversely, the internal service funds are combined into a single, aggregated presentation in the proprietary fund financial statements. Individual fund data for the internal service funds is provided in the form of combining statements elsewhere in this report.

The basic proprietary fund financial statements can be found on pages 16 through 20 of this report.

**Fiduciary Funds.** Fiduciary funds are used to account for resources held for the benefit of parties outside of the government. Fiduciary funds are not reflected in the government-wide financial statements because the resources of those funds are not available to support the Village's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds. The Village maintains two different types of fiduciary funds: pension trust funds and custodial funds.

The basic fiduciary fund financial statements can be found on pages 21 and 22 of this report.

#### **Notes to the Financial Statements**

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements. The notes to the financial statements can be found on pages 23 through 71 of this report.

#### Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning the Village's progress in funding its obligation to provide pension and other post-employment benefits to its employees. Required supplementary information can be found on pages 72 through 85 of this report.

The combining statements referred to earlier in connection with nonmajor governmental funds and internal service funds are presented immediately following the required supplementary information on pensions. Combining and individual fund statements and schedules can be found on pages 86 through 150 of this report.

#### FINANCIAL ANALYSIS OF THE VILLAGE AS A WHOLE

Beyond presenting current-year financial information in the government-wide and major individual fund formats, the Village also presents comparative information from the prior years in the Management's Discussion and Analysis. By doing so, the Village believes that it is providing the best means of analyzing its financial condition and position as of December 31, 2022. Comparative amounts for 2021 within this discussion and analysis have not been restated for the effects of adoption of GASB Statement No. 87, Leases.

#### **Net Position**

The table below reflects the condensed Statement of Net Position.

| Total Liabilities and Deferred Inflows | 281,020.1                  | 231,752             | 3 64,927.0    | 65,741.9            | 345,947.1    | 297,494.2         |
| Net Position:                          |                            |                     |               |                     |              |                   |
| Net Investment in Capital Assets       | 107,087.5                  | 109,680             | 8 40,813.5    | 36,057.0            | 147,901.0    | 145,737.8         |
| Restricted                             | 12,631.0                   | 6,322               | 1 4,506.8     | 2,708.8             | 17,137.8     | 9,030.9           |
| Unrestricted                           | (94,770.3)                 | (83,890             | 3) 16,409.2   | 15,230.7            | (78,361.1)   | (68,659.6)        |
| Total Net Position                     | \$ 24,948.2                | \$ 32,112           | 6 \$ 61,729.5 | \$ 53,996.5         | \$ 86,677.7  | \$ 86,109.1       |

The Village's combined Net Position increased \$568,475, from \$86,109,164 to \$86,677,639, during the fiscal year. Net Position decreased for governmental activities by (\$7,164,461) and net position for business-type activities increased by \$7,732,936.

The Village's combined unrestricted deficit net position increased by \$9,701,549, from (\$68,659,565) to (\$78,361,114), during this fiscal year. This additional deficit is primarily related to net pension and total Other Post-Employment Benefits (OPEB) liabilities, which increased \$38,135,277 from \$90,810,607 as of December 31, 2021 to \$128,945,884 as of December 31, 2022. These items pertain to the Village's participation in the Hoffman Estates Firefighters' Pension Fund, Hoffman Estates Police Pension Fund, and Illinois Municipal Retirement Fund. Additionally, the Village made a determination to report information from the December 31, 2021 actuarial valuation from the Illinois Municipal Retirement Fund in order to continue its dedication to timely financial reporting.

The second portion of the Village's net position, in the amount of \$17,137,797, represents resources that are subject to external restrictions on how they may be used (*i.e.* capital projects, public safety, and economic development).

Finally, the largest portion of the Village's net position is its investment in capital assets (e.g., land, infrastructure, buildings, machinery, and equipment) less any related debt used to acquire those assets that is still outstanding. The Village uses these capital assets to provide services to citizens; consequently, these assets are not available for future spending.

For the fiscal year ended December 31, 2022, revenues from governmental activities totaled \$91,030,531. The Village benefits from a highly diversified revenue base. Revenues from the Village's largest single source, property taxes, amounted to \$27,992,282. Property taxes support governmental activities and include the Village's contribution to the Police Pension Fund and Firefighters' Pension Fund.

The "other taxes" classification includes a number of different revenue sources. Among those are sales taxes, income taxes, and telecommunications taxes. The two major types of sales taxes are the retailer's occupation tax (ROT) and the home-rule sales tax. Both of these sales taxes are collected by the State of

Illinois. A portion of the ROT is shared by the state with its municipalities based upon the point of sale. While the ROT is currently at 9.00%, the equivalent of a 1.00% tax is remitted to Hoffman Estates, in addition to another 1.00% for the Village's home-rule sales tax portion.

In 2022, total sales tax revenues, including both state-shared and home-rule, were \$14,710,896 compared to \$13,615,081 in 2021, an increase of \$1,095,815, or 8%. These sales taxes have been a positive source of revenue for the Village and continue to grow each year.

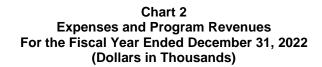

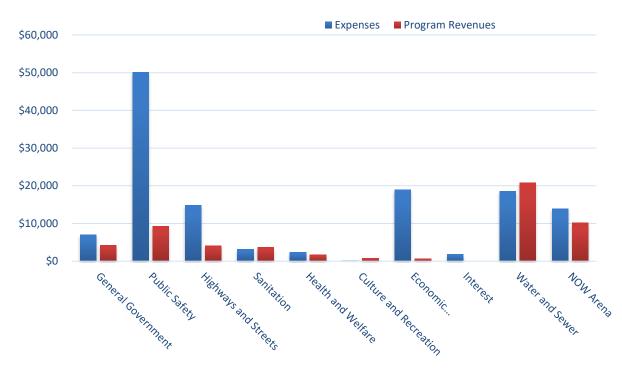

Income and local use taxes are also shared by the state, but on a per-capita basis. Between 2021 and 2022, the Village's income and local use tax revenues increased from \$9,126,402 to \$10,692,964. According to the IL Commission on Government Forecasting and Accountability, this was due to the significant growth in withholding taxes and large tax payments on capital gains and "strong economic performance with the aid of federal stimulus dollars also lead to robust levels of corporate profits."

Water and sewer capital contributions increased from \$1,432,736 to \$4,533,725 in 2022. This increase largely relates to the \$4,472,970 in sanitary sewer construction project reimbursements the Village received from developers in 2022.

As you can see by the chart below, very few Village programs are self-funded through program revenues. This is where general revenues like property taxes and sales taxes come in. These non-program revenues are what make it possible to fund necessary functions within the Village.

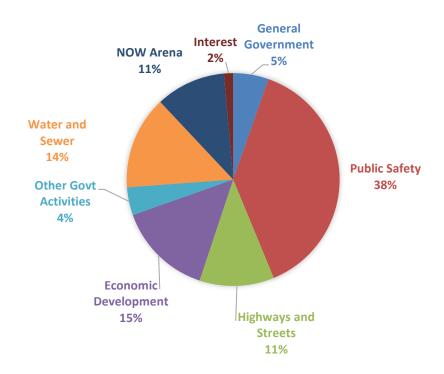

Village expenses amounted to \$130,633,137 in 2022. The largest share is related to Public Safety in the amount of \$54,084,727.

With a high demand for skilled employees in both the public and private sectors in this region, it is important that the Village provide competitive compensation levels for our employees. After conducting an extensive salary comparison study and discovering many salary disparities between Village salaries and those of surrounding communities, the annual funding of the Village's performance-based employee compensation package was awarded at an average of 5.0% increase for non-union employees for 2022. Each of the collective bargaining units (Police, Fire, and Public Works) received salary increases based on their contractual agreements. Those agreements provided for various step (seniority) and general cost of living increases.

Additionally, the NOW Arena saw operations expenses increase from \$5,276,446 in 2021 to \$10,142,208 in 2022. These expenses are a return to pre-pandemic levels as the arena saw increased events in 2022. These expenses were offset by NOW Arena charges for services revenue increasing from \$4,323,795 in 2021 to \$9,952,817.

Chart 3
Expenses by Function
For the Fiscal Year Ended December 31, 2022

#### FINANCIAL ANALYSIS OF THE VILLAGE'S FUNDS

As noted earlier, the Village uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

For the fiscal year ended December 31, 2022, the governmental funds reported combined ending fund balances of \$56,533,966. The General Fund is the chief operating fund of the Village. At the end of the current fiscal year, unassigned fund balance of the General Fund was \$29,284,599 while total fund balance equaled \$36,329,242. Unassigned fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year and as a measure of the General Fund's liquidity. It may be useful to compare both unassigned fund balance and total fund balance to total fund expenditures. Unassigned fund balance represents 40.17% of budgeted General Fund expenditures and transfers out, while total fund balance represents 49.83% of that same amount.

# Table 4 General Fund Budgetary Highlights For the Fiscal Year Ended December 31, 2022 (in thousands)

|                                   |             |             |            |            |
| Change in Fund Balance            | (\$2,234.5) | (\$2,234.5) | \$5,700.4  | \$6,941.5  |

Originally, the Village was planning to use approximately \$2.2 million of fund balance to fund capital projects due to concerns of a potential recession proceeding the COVID-19 pandemic. However, revenues came in higher than expected across several areas of the Village's revenue structure. Additionally, the Village also received the second allotment of the American Rescue Plan funds in the amount of \$2,832,994. As a result, the fund balance of the Village's General Fund increased by \$5,700,412 during the current fiscal year.

In years where revenues exceed expenditures within the General Fund, excess funds are utilized according to the Village's Fund Balance Policy. This policy states that the Village will strive to maintain an unassigned fund balance within the General Fund equal to 25.0% of the preceding year's annual operating budget. While the General Fund is above this level of fund balance, any year where year-end revenues exceed expenditures, the amount of surplus will be transferred to other funds to address known future financial needs. The utilization of General Fund surplus will be brought before the Village President and Board of Trustees annually, when applicable, during the Operating Budget process via a recommendation by the Village Manager.

Actual General Fund revenues were more than originally budgeted revenues by \$10,572,689 during fiscal year 2022. These higher revenue levels can be attributed to increased income taxes, hotel tax, sales & home rule sales tax, engineering & building permit fees, and Ground Emergency Medical Transport (GEMT) income. Actual General Fund expenditures and transfers ended up being less than the amended budget by \$1,834,733 in 2022.

With respect to the business-type activities, in 2022, the Waterworks and Sewerage Fund recorded a increase in net position in the amount of \$7,262,759. This increase in net position was a planned savings for the use on future capital projects. Restricted and unrestricted net position of the Waterworks and Sewerage Fund at the end of the year amounted to \$4,506,824 and \$11,169,419, respectively.

The NOW Arena Operating Fund was created in 2009 when the Village took over ownership of the arena. This fund is used to account for all operations of the NOW Arena. As of December 31, 2022, this fund had an unrestricted net position in the amount of \$5,239,767. The Village received the Shuttered Venue Operators grant through the Small Business Association. These funds may be used to help reimburse the Village for costs incurred during the COVID-19 pandemic.

The Village Board amended the fiscal year 2022 budget once throughout the year. The budget amendment was primarily for the following purposes:

- Increase in Other Contractual Services (\$1,070,000), Maintenance of Fire Vehicles (\$105,000), Sales Tax Incentive (\$250,000) and Transfer to Capital Replacement Fund (\$2,500,000) in the General Fund for GEMT payments to the State of Illinois, increased maintenance costs, and transfers of fund surplus for future capital.
- Increase in Other Capital Expenditures (\$13,762,000) and Professional Services (\$120,000) in the Lakewood Center TIF Fund for the issuance of notes and reimbursing the Village for staff time and costs associated with the TIF.
- Increase in Professional Services (\$345,000) and Principal Expense (\$240,000) in the Higgins/Hassell TIF Fund to reimburse the Village for project costs associated with the TIF and the issuance of a note.

#### CAPITAL ASSET AND DEBT ADMINISTRATION

#### **Capital Assets**

The Village's investment in capital assets for both its governmental and business-type activities as of December 31, 2022 amounted to \$239,938,150 (net of accumulated depreciation). This investment in capital assets includes land, buildings, improvements, machinery and equipment, vehicles, roads, bridges, and storm sewers. The total investment in capital assets for the current fiscal year decreased by 1.48% from 2021.

Major capital asset events during 2022 included the following:

- The Village reconstructed nine (9) streets and resurfaced 24 streets in 2022, resulting in the addition of \$2,545,820 in new streets.
- The Village purchased and took delivery of 9 new vehicles totaling \$1,004,291: seven for Public Works, five for Police Department, and one for the Fire Department.
- The Village had various building improvements totaling \$2,437,149 located at NOW Arena.
- The Village purchased numerous pieces of equipment for departments totaling \$353,592 including an electric vehicle charging station, underhung bridge crane for servicing Village fleet, a tornado siren, and software storage systems and servers.
- The Village assumed responsibility for infrastructure totaling \$2,699,549 including right-of-way and storm sewers in Lakeside plaza, and on Eagle Way and Arizona Boulevard.

The following schedule reflects the Village's capital asset balances as of December 31, 2022.

At the end of the current fiscal year, the Village had total debt outstanding of \$255,488,810. Of this amount, \$88,080,305 comprises general obligation bonds backed by the full faith and credit of the Village. The Village also issues notes where the Village pledges incremental tax revenue derived from separately created tax increment financing districts. These notes are not obligations of the Village and are secured only by the incremental revenues generated by the TIF districts. Compared to 2021 figures, the Village's total long-term debt increased by \$46,972,608, or 22.5%, in 2022.

# VILLAGE OF HOFFMAN ESTATES, ILLINOIS MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

The Village received some Illinois Environmental Protection Agency (IEPA) loans for projects that relate to our water towers and rehabilitating a lift station. Engineering for these projects started in 2019 and construction was completed in 2022. The amount of loan payable is \$2,326,596 as of December 31, 2022.

As an Illinois home-rule community, the Village is not subject to any debt limitation. The Village's general obligation bonds have been given a credit rating of AA+ from Standard & Poor's, which was reaffirmed in July 2018. Standard & Poor's rating reflected the Village's strong economy and management, and highlighted the Village's budgetary flexibility and strong liquidity.

Additional information on the Village's long-term debt can be found in note 5 on pages 36 through 41 of this report.

#### **ECONOMIC FACTORS AND NEXT YEAR'S BUDGETS AND RATES**

Property taxes imposed on property within the Village's corporate limits provide a stable revenue source. The levies for the police and fire pension plans, which are actuarially determined, were held flat in tax levy year 2022 (fiscal year 2023). Pension funding comes from three sources: employee contributions, employer contributions and investment returns. Since employee contributions are capped by the Illinois General Assembly, the fiscal burden falls upon Village contributions (local taxpayers) to keep these funds financially solvent. By law, Hoffman Estates is mandated to fund the pension benefits of police, firefighters and other municipal employees.

All Village Sworn Police Officers and Firefighters are covered under the downstate police pension plan and fire pension plan, respectively, as governed by Illinois Compiled Statutes and amended only by the Illinois Legislature. All other Village employees are covered under the Illinois Municipal Retirement Fund (IMRF).

The 2020 census found that the median household income was \$92,423 and the median home value was \$286,600. The Village's population, per the 2020 census, is 52,530, an increase of 635 from the 2010 census figure of 51,895. This increase in population means that the Village will be entitled to larger portions of state-shared revenues such as income taxes and motor fuel taxes.

All of these factors were considered in preparing the Village's budget for the 2023 fiscal year. The Village anticipated the economy to continue to rebound in 2023. However, the Village is planning on utilizing \$4,850,000 of fund balance in the 2023 fiscal year budget for more capital projects that were delayed from prior years and supply chain issues.

A water & sewer rate study was completed & presented to the Village Board in 2019. The results of the study included recommended routine rate increases to the Village water & sewer rates to adequately fund operations of the Water & Sewer Fund. In FY2022, the Village implemented a four percent (4.0%) increase to water and sewer rates.

#### **CONTACTING THE VILLAGE'S FINANCIAL MANAGEMENT**

This financial report is designed to provide our citizens, customers, investors and creditors with a general overview of the Village's finances and to demonstrate the Village's accountability of the money it receives. Questions concerning this report or requests for additional financial information should be directed to Rachel Musiala, Director of Finance, Village of Hoffman Estates, 1900 Hassell Road, Hoffman Estates, IL 60169.

## Reconciliation of Governmental Funds Statement of Revenues, Expenditures and Changes in Fund Balances to the Governmental Activities in the Statement of Activities Year Ended December 31, 2022

| Net Change in Fund Balances - Total Governmental Funds  Amounts reported for governmental activities in the statement of activities are different because | \$<br>9,934,978 |
|---|-----------------|
| Governmental funds report capital outlay as expenditures; however, they are capitalized and depreciated in the statement of activities                    | 2,950,934       |
| Less capital outlay of internal service fund  | (215,270)       |
| Less capital outlay of internal service fund  | (213,270)       |
| Sales of capital assets are reported as a proceed in governmental funds but as a gain (loss)  |                 |
| from sale on the statement of activities  | (808,462)       |
|   |                 |
| The repayment of the principal on long-term debt is reported as an expenditure when due in  |                 |
| governmental funds but as a reduction of principal outstanding on the statement of activities   | 2,527,501       |
|   |                 |
| Certain items are reported as interest expense on the statement of activities   | (2<< 121)       |
| Change in accrued interest payable  | (266,121)       |
| Amortization of bond premiums   | 206,750         |
| Amortization of gain or loss on refunding   | (75,431)        |
| Depreciation expense does not require the use of current financial resources and, therefore,  |                 |
| is not reported as expenditures in governmental funds   | (6,404,818)     |
| · · ·   |                 |
| Less depreciation expense of internal service fund  | 34,660          |
| Certain revenues recognition is different on the full accrual basis than on the modified  |                 |
| accrual basis   | 759,263         |
|   | , , , , ,       |
| The issuance of long-term debt is shown as an other financing source in governmental funds  |                 |
| but the principal outstanding is shown as long-term liability on the statement of net position  |                 |
| Bonds issued  | (14,026,521)    |
|   |                 |
| The change in the total other postemployment benefit liabilities and termination benefits is shown  |                 |
| as an increase in expense on the statement of activities  | 1,344,141       |
| Less change in the total other postemployment liabilities of internal service fund  | (20,685)        |
|   |                 |
| The change in deferred inflows and outflows of resources for the other postemployment benefit   |                 |
| fund is reported only on the statement of activities  | (873,823)       |
| Less change in deferred inflows and outflows of resources for the other postemployment  |                 |
| benefit of internal service fund  | 13,485          |
| The change in the net pension asset for the Illinois Municipal Retirement Fund is reported  |                 |
| only on the statement of activities   | 7,249,098       |
|   | 7,217,070       |
| Less change in the net pension asset for the Illinois Municipal Retirement Fund   | (201 520)       |
| of internal service fund  | (381,532)       |

# Notes to Financial Statements December 31, 2022

#### Note 1: Summary of Significant Accounting Policies

The financial statements of the Village of Hoffman Estates, Illinois (Village) have been prepared in conformity with accounting principles generally accepted in the United States of America, as applied to governmental units (hereinafter to be referred to as generally accepted accounting principles). The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Village's accounting policies are described below:

#### Reporting Entity

The Village is a municipal corporation governed by an elected president and six-member Board of Trustees. As required by generally accepted accounting principles, these financial statements present the Village (the primary government) and its component units. In evaluating how to define the reporting entity, management has considered all potential component units. The decision to include a potential component unit in the reporting entity was made based upon the financial accountability of the Village for the potential component unit. Financial accountability is defined as:

- 1. Appointment of a voting majority of the component unit's board and either (a) the ability to impose will by the primary government or (b) the possibility that the component unit will provide a financial benefit to or impose a financial burden on the primary government; or
- 2. Fiscal dependence on the primary government.

Management has determined that there are two fiduciary component units that are required to be included in the financial statements of the Village as pension (and other employee benefit) trust funds, the Police Pension Fund and the Firefighters' Pension Fund. These pension plans are administered through trusts that meet the criteria in paragraph 3 of GASB Statement No. 67 and are legally separate entities that meet the financial benefit/burden and fiscal dependency criteria to be included as component units.

#### **Fund Accounting**

The Village uses funds to report on its financial position and the changes in its financial position. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain government functions or activities.

A fund is a separate accounting entity with a self-balancing set of accounts. The minimum number of funds is maintained consistent with legal and managerial requirements. Funds are classified into the following categories: governmental, proprietary and fiduciary.

Governmental funds are used to account for all or most of a government's general activities, including the collection and disbursement of restricted, committed or assigned monies (special revenue funds), funds restricted, committed or assigned for the acquisition or construction of general capital assets (capital projects funds) and funds committed, restricted or assigned for the

# Notes to Financial Statements December 31, 2022

servicing of general long-term debt (debt service funds). The General Fund is used to account for all activities of the general government not accounted for in some other fund.

Proprietary funds are used to account for activities similar to those found in the private sector, where the determination of net income is necessary or useful for sound financial administration. Goods or services from such activities can be provided either to outside parties (enterprise funds) or to other departments or agencies primarily within the government (internal service funds).

The Village utilizes pension (and other employee benefit) trust funds and custodial funds which are generally used to account for assets that the Village holds in a fiduciary capacity or on behalf of others.

#### Government-Wide and Fund Financial Statements

The government-wide financial statements (*i.e.*, the statement of net position and the statement of activities) report information on all of the nonfiduciary activities of the Village. The effect of material interfund activity has been eliminated from these statements. Interfund services provided and used are not eliminated on these statements. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function, segment or program are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include (1) charges to customers or applicants who purchase, use or directly benefit from goods, services or privileges provided by a given function or segment and (2) grants and standard revenues that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual governmental funds and major individual enterprise funds are reported as separate columns in the fund financial statements. The Village reports the General Fund and Lakewood Center TIF Fund as major funds.

The **General Fund** is the Village's primary operating fund. It accounts for all financial resources of the general government, except those accounted for in another fund.

The **Lakewood Center TIF Fund** is to account for the revenues and expenditures pertaining to the activity in the Lakewood TIF District.

The Village reports the following major proprietary funds:

The **Waterworks and Sewerage Fund** accounts for the provision of water and sewer services to the residents of the Village. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operations, maintenance, financing and related debt service and billing and collection.

# Notes to Financial Statements December 31, 2022

The **NOW Arena Operating Fund** accounts for the provision of charges for services for the NOW Arena. All activities necessary to provide such services are accounted for in this fund, including, but not limited to, administration, operations, maintenance, financing and related debt service.

Additionally, the Village reports internal service funds. Internal service funds account for the Village's self-insured property, casualty and workers' compensation programs and the operations of the information systems division provided to other departments or agencies of the Village on a cost reimbursement basis. These are reported as part of the governmental activities on the government-wide financial statements as they provide services to the Village's governmental funds/activities.

The Village reports pension (and other employee benefit) trust funds as fiduciary component units which account for the Police Pension Fund and Firefighters' Pension Fund. Those fiduciary component units are legally separate, meet the financial benefit/burden criteria of GASB 84, as amended, as well as its fiscally dependent criterion. Furthermore, the Village reports a custodial fund for its EDA Special Tax Allocation Fund which is used to account for the collection of incremental taxes and other financial resources received to retire certain tax increment revenue notes and to pay certain qualified project costs, all pertaining to the Village's EDA.

#### Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund and fiduciary fund financial statements. Revenues and additions are recorded when earned and expenses and deductions are recorded when a liability is incurred. Property taxes are recognized as revenues in the year for which they are levied (*i.e.*, intended to finance). Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met. Operating revenues/expenses include all revenues/expenses directly related to providing enterprise fund services. Incidental revenues/expenses are reported as nonoperating.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. The Village considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a fund liability is incurred. However, debt service expenditures are recorded only when payment is due.

Property taxes, sales taxes, franchise taxes, licenses, charges for services, food and beverage taxes and interest associated with the current fiscal period are all considered to be susceptible to accrual and are recognized as revenues of the current fiscal period. Fines and permit revenue are considered to be measurable and available only when cash is received by the Village.

In applying the susceptible to accrual concept to intergovernmental revenues (*i.e.*, federal and state grants), the legal and contractual requirements of the numerous individual programs are used as guidance. There are, however, essentially two types of these revenues. In one, monies must be

# Notes to Financial Statements December 31, 2022

expended on the specific purpose or project before any amounts will be paid to the Village; therefore, revenues are recognized based upon the expenditures recorded. In the other, monies are virtually unrestricted as to purpose of expenditure and are generally revocable only for failure to comply with prescribed eligibility requirements, such as equal employment opportunity. These resources are reflected as revenues at the time of receipt or earlier if they meet the availability criterion.

The Village reports unearned revenue and deferred inflows/unavailable revenue on its financial statements. Deferred inflows/unavailable revenues arise when potential revenue does not meet both the measurable and available or earned criteria for recognition in the current period. Unearned revenues also arise when resources are received by the Village before it has a legal claim to them or prior to the provision of services, as when grant monies are received prior to the incurrence of qualifying expenditures. In subsequent periods, when both revenue recognition criteria are met, or when the Village has a legal claim to the resources, the liability or deferred inflows of resources for unearned and deferred inflows/unavailable revenue are removed from the financial statements and revenue is recognized.

#### **Deposits and Investments**

The Village's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with maturities of three months or less from the date of acquisition.

Investments with a maturity of less than one year when purchased, non-negotiable certificates of deposit and other nonparticipating investments are stated at cost or amortized cost. Investments with a maturity greater than one year when purchased and all investments of the pension trust funds are stated at fair value. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date.

The Village categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs and Level 3 inputs are significant unobservable inputs.

#### **Property Taxes**

Property taxes for 2022 attach as an enforceable lien on January 1, 2022, on properties assessed as of the same date. Taxes are levied on a calendar year basis by the last Tuesday of December. Tax bills are prepared and mailed by the Counties on or about February 1, 2022 and August 1, 2022, and are payable in two installments, on or about March 1, 2022 and September 1, 2022. The Counties collect such taxes and remit them periodically. Since the 2022 levy is intended to finance the 2022 fiscal year, the levy has been recorded as receivable and deferred inflows of revenues. The revenues in the current year financial statements represent the 2021 property tax levy.

# Notes to Financial Statements December 31, 2022

#### **Inventories**

Inventories are valued at cost using the first-in/first-out (FIFO) method. The costs of governmental fund inventories are recorded as expenditures when consumed rather than when purchased.

#### Prepaid Items/Expenses

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items/expenses. The Village uses the consumption method - purchases are debited to a prepaid asset account and are recorded as expenditures or expenses when used.

#### Capital Assets

Capital assets, which include property, plant, equipment and infrastructure assets (e.g., roads, bridges, sidewalks and similar items), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Capital assets are defined by the Village as assets with an initial, individual cost in excess of \$10,000 and an estimated useful life in excess of one year. The Village uses the same threshold capitalization policy for leases as capital assets.

Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at acquisition value at the date of donation.

The costs of normal maintenance and repairs, including street overlays that do not add to the value of the asset or materially extend asset lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. Interest incurred during the construction phase of capital assets of business-type activities is included as part of the capitalized value of the assets constructed. Property, plant and equipment are depreciated using the straight-line method over the following estimated useful lives:

| Assets  | Years   |  |  |
|---|---------|--|--|
| Buildings and improvements                          | 40      |  |  |
| Infrastructure                                      | 30      |  |  |
| Office equipment (included in department equipment) | 5 - 15  |  |  |
| Department equipment                                | 5 - 15  |  |  |
| Office furniture (included in department equiment)  | 10 - 15 |  |  |
| Vehicles  | 5 - 15  |  |  |
| Plant system  | 40      |  |  |
| Software  | 5 - 15  |  |  |

#### Compensated Absences

It is the Village's policy for employees to accrue vacation and sick leave. Accrued vacation must be used within 12 months of being earned. Vested or accumulated vacation and sick leave that is owed to retirees or terminated employees is reported as an expenditure and a fund liability of the governmental fund that will pay it in the fund financial statements. Vested or accumulated

# Notes to Financial Statements December 31, 2022

vacation leave of proprietary funds and governmental activities is recorded as an expense and liability of those funds as the benefits accrue to employees. No liability is recorded for nonvesting accumulating rights to receive sick pay benefits. However, an expense is recorded for that portion of vesting accumulated sick leave benefits that is expected to be taken as "terminal leave" at retirement.

#### Interfund Transactions

Interfund services transactions are accounted for as revenues, expenditures or expenses. Transactions that constitute reimbursements to a fund for expenditures/expenses initially made from it that are properly applicable to another fund, are recorded as expenditures/expenses in the reimbursing fund and as reductions of expenditures/expenses in the fund that is reimbursed.

All other interfund transactions, except interfund services transactions and reimbursements, are reported as transfers.

#### Interfund Receivables/Payables

Activity between funds that are representative of lending/borrowing arrangements outstanding at the end of the fiscal year are referred to as either "due to/from other funds" (*i.e.*, the current portion of interfund loans) or "advances to/from other funds" (*i.e.*, the noncurrent portion of interfund loans). All other outstanding balances between funds are reported as "due to/from other funds."

#### Long-Term Obligations

In the government-wide financial statements and proprietary funds in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities or proprietary fund financial statements. Bond premiums and discounts are amortized over the life of the bonds using the straight-line method.

In the fund financial statements, governmental funds recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as expenditures.

#### **Net Position**

Net position represents the difference between assets and deferred outflows and liabilities and deferred inflows. Net investment in capital assets consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowing used for the acquisition or construction of improvements of those assets. Net position is reported as restricted when there are limitations imposed on its use either through the enabling legislation adopted by the Village or through external restrictions imposed by creditors, grantors, laws or regulations of other governments.

# Notes to Financial Statements December 31, 2022

#### Fund Balance

The components of fund balance include the following line items:

- 1. Nonspendable fund balance is inherently nonspendable, such as portions of net resources that cannot be spent because of their form and portions of net resources that cannot be spent because they must be maintained intact.
- 2. Restricted fund balance has externally enforceable limitations on use, such as limitations imposed by creditors, grantors, contributors or laws and regulations of other governments as well as limitations imposed by law through constitutional provision or enabling legislation.
- 3. Committed fund balance has self-imposed limitations set in place prior to the end of the period. The limitations are imposed at the highest level of decision-making that requires formal action at the same level to remove. For the Village, the Board of Trustees is the highest level of decision making.
- 4. Assigned fund balance has limitations resulting from intended use, where the intended use is established by the Board of Trustees. It also includes all remaining amounts that are reported in governmental funds, other than the General Fund, that are not classified as nonspendable and are neither restricted nor committed.
- 5. Unassigned fund balance is the total fund balance in the General Fund in excess of nonspendable, restricted, committed and assigned fund balance. Deficit fund balances of other governmental funds are also reported as unassigned.

If there is an expenditure incurred for purposes for which both restricted and unrestricted fund balance is available, the Village will consider restricted fund balance to have been spent before unrestricted fund balance. Further, if there is an expenditure incurred for purposes for which committed, assigned or unassigned fund balance classifications could be used, then the Village will consider committed fund balance to be spent before assigned fund balance, and consider assigned fund balance to be spent before unassigned fund balance.

The following funds had deficit fund balances at December 31, 2022:

| Fund   | <br>Deficit            |
|--|------------------------|
| 2016 General Obligation Refunding Debt Service Fund Western Corridor | \$<br>10,586<br>52,999 |

#### Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net assets that applies to a future reporting period(s) and so will not be recognized as an outflow of resources (expense/reduction of liability) until then. In addition to liabilities, the statement of financial position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of

# Notes to Financial Statements December 31, 2022

resources, represents an acquisition of net assets that applies to a future reporting period(s) and so will not be recognized as an inflow of resources (revenue) until that time.

#### Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets, deferred outflows of resources, liabilities and deferred inflows of resources and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenditures/expenses during the reporting period. Actual results could differ from those estimates.

#### Change in Accounting Principle

The Village adopted the provisions of GASB Statements No. 87, *Leases*, for fiscal year ended December 31, 2022. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities. The adoption had no impact on beginning net position/fund balance.

#### Note 2: Deposits and Investments

The Village and pension trust funds categorize fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs and Level 3 inputs are significant unobservable inputs.

#### Village

The Village's investment policy authorizes the Village to invest in debt securities guaranteed by the United States Government (explicitly or implicitly), debt securities of the United States Government or its agencies, interest-bearing savings accounts, time deposits and certificates of deposit of a bank that is insured by the FDIC, certain insured short-term obligations of corporations organized in the United States Government, certain money market mutual funds, interest-bearing bonds of other local governments and The Illinois Funds (a money market fund created by the state legislature under the control of the State Treasurer that maintains a \$1 share value).

The Illinois Public Treasurers' Investment Pool, known as The Illinois Funds, operates as a qualified external investment pool in accordance with the criteria established in GASB Statement No. 79, *Certain External Investment Pools and Pool Participants*, and thus, reports all investments at amortized cost rather than market value. The investment in The Illinois Funds by participants is also reported at amortized cost. The Illinois Funds does not have any limitations or restrictions on participant withdrawals. The Illinois Treasurer's Office issues a separate financial report for The

# Notes to Financial Statements December 31, 2022

Illinois Funds which may be obtained by contacting the Administrative Office at Illinois Business Center, 400 West Monroe Street, Suite 401, Springfield, Illinois 62704.

It is the policy of the Village to invest their funds in a manner which will provide the highest investment return with the maximum security while meeting the operating demands of the Village and conforming to all state and local statutes governing the investment of public funds, using the "prudent person" standard for managing the overall portfolio. The primary objective of the policy is safety (preservation of capital and protection of investment principal), liquidity and yield.

The Village maintains a cash and investment pool that is available for use by all funds. In addition, investments are separately held by several of the Village's funds.

#### Deposits With Financial Institutions

Custodial credit risk for deposits with financial institutions is the risk that in the event of bank failure, the Village's deposits may not be returned to it. The Village's investment policy requires pledging of collateral for all bank balances in excess of federal depository insurance with the collateral held by an agent of the Village in the Village's name.

At December 31, 2022, the Village's depository accounts have a carrying value of \$57,321,740, including the Custodial EDA Special Tax Allocation Fund of \$22,860. The depository accounts have bank balances of \$57,681,477. These amounts are fully covered by the FDIC insurance or fully collateralized. Cash and investments also have balances in Illinois Funds of \$14,146,815. These amounts are fully covered by FDIC insurance or fully collateralized.

#### Investments

The following table presents the investments and maturities of the Village's debt securities as of December 31, 2022:

|                           |                  | Investment Maturities (in Years) |            |    |        |   |    |       |         |   |
|---------------------------|------------------|----------------------------------|------------|----|--------|---|----|-------|---------|---|
|                           | Fair             |                                  | Less       |    |        |   |    |       | Greater |   |
| Investment Type           | Value            |                                  | Than 1     |    | 1 to 5 |   | 6  | to 10 | Than 10 |   |
| Negotiable certificates   |                  |                                  |            |    |        |   |    |       |         |   |
| of deposit                | \$<br>465,602    | \$                               | 465,602    | \$ |        | - | \$ | -     | \$      | - |
| U.S. Treasury obligations | 12,264,183       |                                  | 12,264,183 |    |        | - |    | -     |         |   |
| Municipal bonds           | 1,976,374        |                                  | 1,976,374  |    |        |   |    | -     |         |   |
| Total                     | \$<br>14,706,160 | \$                               | 14,706,160 | \$ |        | _ | \$ | -     | \$      |   |

Interest rate risk is the risk that change in interest rates will adversely affect the fair value of an investment. In accordance with its investment policy, the Village limits its exposure to interest rate risk by structuring the portfolio to provide liquidity for operating funds and maximizing yields for funds not needed currently. The investment policy limits the maximum maturity lengths of most investments to two years.

The Village limits its exposure to credit risk, the risk that the issuer of a debt security will not pay its par value upon maturity, by requiring investments primarily in obligations guaranteed by the

# Notes to Financial Statements December 31, 2022

United States Government or securities issued by agencies of the United States Government that are explicitly guaranteed by the United States Government.

The Village has the following recurring fair value measurements as of December 31, 2022. The U.S. Treasury obligations are valued using quoted prices in active markets for identical assets (Level 1 inputs). The municipal bonds and negotiable certificate of deposit are valued using quoted matrix pricing models (Level 2 inputs).

The Village's U.S. Treasury obligations were rated Aaa by a national rating agency. The municipal bonds are rated Aaa to Aa1. The negotiable certificates of deposit are not rated.

Custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, the Village will not be able to recover the value of its investments that are in possession of an outside party. To limit its exposure, the Village's investment policy requires all security transactions that are exposed to custodial credit risk to be processed on a delivery versus payment (DVP) basis with the underlying investments held by a third party acting as the Village's agent separate from where the investment was purchased.

Concentration of credit risk is the risk that the Village has a high percentage of their investments invested in one type of investment. The Village's investment policy has the following diversification guidelines: no more than 50% of the Village's investments can be held at any one financial institution, exclusive of bonds, notes debenture or other obligations of the United States Government or its agencies.

Negotiable certificates of deposit are insured by the Federal Deposit Insurance Corporation (FDIC) for up to \$250,000 per depositor per bank. At December 31, 2022, the Village's negotiable certificates of deposit are fully insured or collateralized.

# Notes to Financial Statements December 31, 2022

#### Note 3: Receivables

The following receivables are included in other receivables on the statement of net position:

| Governmental activities  |      |           |
|--|------|-----------|
| Hotel tax  | \$   | 93,196    |
| Ambulance fees   |      | 105,572   |
| Wholesale vehicle tax  |      | 14,119    |
| Transportation tax   |      | 7,520     |
| Ground emergency medical transportation  |      | 290,812   |
| Entertainment tax  |      | 16,313    |
| Cannabis use tax   |      | 13,313    |
| Cable franchise fees   |      | 168,031   |
| IPBC terminal reserve  |      | 1,962,947 |
| Grants   |      | 281,081   |
| Employee computer program  |      | 30,088    |
| Other miscellaneous  |      | 341,767   |
|  |      |           |
| Total governmental activities  | \$   | 3,324,759 |
| Business-type activities   |      |           |
| Entertainment tax  | \$   | 23,007    |
| Food and beverage taxes  | Ψ    | 262,455   |
| Video gaming tax   |      | 49,470    |
| Ticketing revenues   |      | 7,217     |
| Other miscellaneous  |      | 473,053   |
| Other Infectional  | -    | 173,033   |
| Total business-type activities   | \$   | 815,202   |
| The following receivables are included in due from other governments on the stat | emei | nt of net |
| position:  |      |           |
| Governmental activities  |      |           |
| Sales tax  | \$   | 2,593,849 |
| Home rule sales tax  |      | 1,418,105 |
| Income tax   |      | 781,805   |
| Local use tax  |      | 628,583   |
| Municipal motor fuel tax   |      | 205,027   |
| Simplified telecommunications tax  |      | 236,440   |
| Court fines  |      | 13,484    |
| Total governmental activities  | \$   | 5,877,293 |

# Notes to Financial Statements December 31, 2022

#### Lease Receivables

The Village, as lessor, leases portions of its property to various third parties, the terms of which expire 2023 through 2080. The Village initially measures lease receivables at the present value of lease payments expected to be received during the lease terms, reduced by any provision for estimated uncollectible amounts. Payments increase annually based on terms of the agreements. The leases were measured based upon the Index at lease commencement. The Village also leases certain tower equipment to third parties where lease payments are established in the agreements. The Village uses the same threshold capitalization policy for leases as capital assets.

Revenue recognized under lease contracts during the year ended December 31, 2022, was \$907,582 which includes both lease revenue and interest. The Village recognized lease revenue of \$34,509 for the year ended December 31, 2022, for variable payments not previously included in the measurement of the lease receivable.

#### Note 4: Capital Assets

Capital asset activity for the year ended December 31, 2022, was as follows:

|                                      | <b>Balances</b> |                |              | Balances       |
|--------------------------------------|-----------------|----------------|--------------|----------------|
|                                      | January 1       | Increases      | Decreases    | December 31    |
| Governmental activities              |                 |                |              |                |

#### Tax Increment Financing Notes

The Village also issues notes where the Village pledges incremental tax income derived from a separately created tax increment financing district (TIF). These notes are not obligations of the Village and are secured only by the incremental revenues generated by the area or district. All increment financing notes are issued for the purpose of TIF district improvements. Tax increment financing notes currently outstanding are as follows:

| Issue  | Funded Debt<br>Retired by       | Balances<br>January 1 |            | Issuances or<br>Accretions |            | Retirements<br>or Accretions |         | Balances<br>December 31 |            | Current<br>Portion |          |

| Total tax increment financing notes  |                                 | \$                    | 14,194,029 | \$                         | 14,026,521 | \$                           | 235,307 | \$                      | 27,985,243 | \$                 | <u>-</u> |

The Higgins/Hassell Redevelopment Note provides that the payment of principal and interest on the note is due only if tax increment revenues are available for payment of debt service. The note does not bear interest. Therefore, no set debt service schedule is available.

In 2021, the Village issued two notes to reimburse the redevelopment expenses incurred by developers related to Lakewood Center TIF Fund. At the end of December 31, 2022, the Village had issued \$17,099,459 and \$4,274,865 of notes payable A and B, respectively. The Lakewood Redevelopment Note provides that the payment of principal and interest on the note is due only if tax increment revenues are available for payment of debt service. The interest rate on the note is set at 6.50% until stabilization (defined as 75% of the office space is leased), then a one-time

## Notes to Financial Statements December 31, 2022

adjustment may be requested by the developer, depending on the prime interest rate at that time. Therefore, at December 31, 2022, no set debt service schedule is available.

### Debt Service Requirements to Maturity

Annual debt service requirements to maturity are as follows:

| Year Ending  | (  |            | bligation Bonds<br>ental Activities |            |    | Direct Borrowing -<br>Equipment Financing Loan<br>Governmental Activities |    |         | General Obligation Bonds<br>Business-Type Activities |            |    |            |

### Direct Borrowing - Equipment Financing Agreement

On January 20, 2021, the Village entered into a \$2,000,000 equipment financing agreement with a bank. The agreement carries an interest rate of 1.20% per year. The financing agreement is secured by the equipment purchased under the agreement.

## Notes to Financial Statements December 31, 2022

### Changes in Long-Term Liabilities

During the fiscal year, the following changes occurred in liabilities reported in the governmental activities:

| Issue  | Balances<br>January 1 |      | uances or<br>cretions | R  | eductions  | Balances<br>ecember 31 | Current<br>Portion |

<sup>\*</sup>The total eligible Illinois Environmental Protection Agency (IEPA) loans are \$2,700,000. IEPA will disburse the loan proceeds as the Village incurs expenses on these projects. Amount presented as a payable is the amount that has been incurred by the Village as of December 31, 2022, and requested for loan disbursements from IEPA. As of the date of the audit report, the Village has yet to receive repayment schedules on the loans.

### Legal Debt Margin

Article VII, Section 6(k) of the 1970 Illinois Constitution governs computation of the legal debt margin.

"The General Assembly may limit by law the amount and require referendum approval of debt to be incurred by home rule municipalities, payable from ad valorem property tax receipts, only in excess of the following percentages of the assessed value of its taxable property...(2) if its population is more than 25,000 and less than 500,000 an aggregate of one percent: ...indebtedness which is outstanding on the effective date (July 1, 1971) of this constitution or which is thereafter approved by referendum...shall not be included in the foregoing percentage amounts."

To date the Illinois General Assembly has set no limits for home rule municipalities. The Village is a home rule municipality.

### **Termination Benefits**

In accordance with GASB Statement No. 47, *Accounting for Termination Benefits*, the Village is required to calculate and record a termination benefit liability, which is, in general, the future costs to the Village to fund costs associated with termination benefits. During 2019, the Village entered into a voluntary termination benefit agreement providing for the payment of 15 months of health

## Notes to Financial Statements December 31, 2022

insurance costs to those employees choosing to participate. The employees were required to resign as of a designated date and to maintain the same coverage as they were provided during their employment. Under the agreement, the Village contributed 100% of the employees' health insurance premiums for the period covered. The Village has calculated the premium payments for the remaining period of the benefit based on the 2021 actual rates.

The Village makes monthly insurance payments for the premium amount in conjunction with their regular health insurance premium payments. Final monthly payments were made in 2022 so there is no remaining liability.

### Total Other Postemployment Benefit Liability

In accordance with GASB Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions*, the Village is required to calculate and record a total other postemployment benefit liability (Total OPEB Liability). The Total OPEB Liability is the portion of the actuarial present value of projected benefit payments that is attributed to past periods of employee service in conformity with the requirements of GASB Statement No. 75 for the Village's OPEB Plan. See Note 13 for further information regarding the Total OPEB Liability at December 31, 2022.

#### Note 6: Interfund Transactions

Due from/to other funds at December 31, 2022, consist of the following:

|                              | Due From |           |    | Due to      |
|------------------------------|----------|-----------|----|-------------|
| General fund                 | \$       | 1,072,120 | \$ | (2,413,329) |
| Waterworks and sewerage fund |          | 70,720    |    | (5,810)     |
| Internal service fund        |          | -         |    | (70,720)    |
| Nonmajor governmental funds  |          | 2,413,329 |    | (1,066,310) |
|                              |          |           |    |             |
| Total                        | \$       | 3,556,169 | \$ | (3,556,169) |

• The above due from/due to amounts outstanding primarily relate to the expenses paid and advanced by the General Fund on behalf of the nonmajor governmental funds. These amounts will be repaid within one year.

## Notes to Financial Statements December 31, 2022

Interfund transfers during the year ended December 31, 2022, consisted of the following:

|                              | Transfer in  | Transfer Out |
|------------------------------|--------------|--------------|
| General Fund                 | \$ -         | \$ 5,566,367 |
| Nonmajor governmental funds  | 6,965,042    | 1,458,001    |
| Waterworks and Sewerage Fund | -            | -            |
| NOW Arena Operating Fund     | -            | 91,663       |
| Internal service funds       | 150,989      |              |
| Total                        | \$ 7,116,031 | \$ 7,116,031 |

The purposes of significant interfund transfers are as follows:

- \$6,965,042 transfers to nonmajor funds are for the following:
  - ➤ \$120,552 transfer to 2015B General Obligation Debt Service Fund from General Fund for debt service cost
  - ➤ \$180,702 transfer to 2017 A&B General Obligation Debt Service Fund from General Fund for debt service cost
  - ➤ \$940,970 transfer to 2018 General Obligation Debt Service Fund from General Fund for debt service cost
  - ➤ \$136,200 transfer to 2019 General Obligation Debt Service Fund from General Fund for debt service cost
  - > \$1,458,001 transfer to nonmajor capital projects funds from other nonmajor capital project funds to fund capital improvements
  - ➤ \$4,128,617 transfer to nonmajor capital projects funds from General Fund to fund capital improvements, vehicle and equipment purchases

### Note 7: Risk Management

The Village is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; injuries to employees; illnesses of employees and natural disasters. The Village is self-insured for general liability and workers' compensation and has established a risk financing Insurance Fund (Fund) for those risks. It is accounted for as an internal service fund where assets are set aside for claim settlements. Under this program, the Fund provides coverage up to a maximum of \$100,000 for each general liability and property damage claim and \$750,000 for each workers' compensation claim. The Village is a member of the Intergovernmental Personnel Benefit Cooperative (IPBC) for health claims. IPBC currently has \$1,962,947 available on deposit for use by the Village.

## Notes to Financial Statements December 31, 2022

The Village purchases commercial insurance for claims in excess of the coverages provided by the Fund. Settled claims did not exceed the Fund's coverage and the commercial coverage was not exceeded in the past three fiscal years.

All operating funds of the Village participate and make payments to the Fund based upon actuarial estimates of the amounts needed to pay prior and current year claims. Liabilities of the Fund are reported when it is probable that a loss has occurred and the amount of the loss can be reasonably estimated. Liabilities include an amount for claims that have been incurred but not reported (IBNR). Claim liabilities are calculated considering the effects of inflation, recent claim settlement trends including frequency and amount of payouts and other economic and societal factors. Changes in the balances of claims liabilities during the past two fiscal years are as follows:

|  | <br>2022                                  | 2021                                      |
|--|---|---|
| Unpaid claims, beginning of year Incurred claims (including IBNR) Claim payments | \$<br>1,331,303<br>(131,642)<br>(772,490) | \$<br>1,029,044<br>1,047,806<br>(745,547) |
| Unpaid claims, end of year   | \$<br>427,171                             | \$<br>1,331,303                           |

### High-Level Excess Liability Pool

The Village participates in the High-Level Excess Liability Pool (HELP). HELP is a public entity risk pool established by certain municipalities in Illinois to provide excess liability coverage (\$10,000,000 of coverage after a \$2,000,000 self-insurance retention). The Village's payments to HELP are displayed on the financial statements as expenditures/expenses in appropriate funds.

HELP was organized on April 1, 1987. The purpose of HELP is to act as joint self-insurance pool for the purpose of seeking the prevention or lessening of liability claims for injuries to persons or property or claims for errors and omissions made against the members and other parties included within the scope of coverage of HELP.

HELP is governed by a Board of Directors which consists of one appointed representative from each member municipality. Each Director has an equal vote. The officers of HELP are appointed by the Board of Directors. The Board of Directors determines the general policy of HELP, makes all appropriations, approves contracts, adopts resolutions providing for the issuance of debt by HELP, adopts by-laws, rules and regulations and exercises such powers and performs such duties as may be prescribed in the HELP agreement or the by-laws. The Village does not exercise any control over the activities of HELP beyond its representation on the Board of Directors.

The Village of Elk Grove Village, Illinois (the initial host member) issued \$5,000,000 of general obligation bonds in 1987 to provide initial funding for HELP. The bond proceeds were put into escrow. An intergovernmental agreement among HELP, the Village of Elk Grove Village, Illinois and the members provided that HELP and its members were obligated to the Village of Elk Grove Village, Illinois for payment of principal and interest on the bonds until such bonds were retired. Additionally, each member was liable for its proportionate share of any default by other members.

## Notes to Financial Statements December 31, 2022

The obligations of HELP and its members are unconditional. The bonds were paid in full as of April 30, 1997.

HELP concluded its operation in April 30, 2018, and is only processing and resolving claims prior to its dissolution date. Management of the Village does not believe the Village will have any significant liability from the dissolution.

### Intergovernmental Personnel Benefit Cooperative

Effective January 1, 2005, the Village participates in the Intergovernmental Personnel Benefit Cooperative (IPBC). IPBC is a public entity risk pool established by certain units of local government in Illinois to administer some or all of the personnel benefit programs (primarily medical, dental and life insurance coverage) offered by these members to their officers and employees and to the officers and employees of certain other governmental, quasi-governmental and nonprofit public service entities. IPBC receives, processes and pays such claims as may come within the benefit program of each member. Management consists of a Board of Directors comprised of one appointed representative from each member. In addition, there are two officers: a Benefit Administrator and a Treasurer. The Village does not exercise any control over the activities of IPBC beyond its representation on the Board of Directors.

### Note 8: Contingent Liabilities

Amounts received or receivable from grant agencies are subject to audit and adjustment by grantor agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the Village expects such amounts, if any, to be immaterial.

The Village is a defendant in various lawsuits. Although the outcome of these lawsuits is not presently determinable, it is the opinion of the Village's counsel that resolution of these matters will not have a material adverse effect on the financial condition of the Village.

## Notes to Financial Statements December 31, 2022

#### Note 9: Contractual Commitments

### Northwest Suburban Municipal Joint Action Water Agency

The Village has committed to purchase water from Northwest Suburban Municipal Joint Action Water Agency (JAWA) through the year 2032. The Village expects to pay the following payments to JAWA:

#### Year Ending

| December 31, | Amount*      |  |  |  |
|--------------|--------------|--|--|--|
| 2023         | \$ 9,120,000 |  |  |  |
| 2024         | 9,120,000    |  |  |  |
| 2025         | 9,120,000    |  |  |  |
| 2026         | 9,120,000    |  |  |  |
| 2027         | 9,120,000    |  |  |  |
| 2028-2032    | 45,600,000   |  |  |  |

<sup>\*</sup>These amounts have been estimated based upon the Village's current water consumption figures and current water costs. In future years, the annual cost will be subject to change.

#### **Construction Commitments**

As of December 31, 2022, the Village had the following commitments with respect to unfinished projects:

| Project   | Remaining<br>Commitments |
|---|--------------------------|
| General Fund Projects Water & Sewer Fund Projects | \$ 554,792<br>577,813    |
| Total   | \$ 1,132,605             |

#### Note 10: Tax Abatements

The Village has entered into economic incentive agreements with commercial entities whereby the Village has agreed to reimburse the commercial entities for certain unique infrastructure costs incurred by the commercial entities through sales tax, wholesale vehicle tax, amusement tax and property tax rebates. The amount of the rebates is limited to the lower of actual costs or \$19,462,500 (\$13,079,839 paid as of December 31, 2022) and are payable over 4 to 12 years solely from sales taxes, wholesale vehicle taxes, amusement taxes or property taxes generated by the commercial entities. The rebates are to be paid semiannually by each March 31<sup>st</sup> and September 30<sup>th</sup>, for the previous six months ending December 31<sup>st</sup> and June 30<sup>th</sup>, respectively, or annually within 120 days after the end of the Village's fiscal year for amounts collected by the

## Notes to Financial Statements December 31, 2022

State or the Village for the prior fiscal year or quarterly. During the fiscal year ended December 31, 2022, approximately \$492,397 in property taxes, \$34,992 in wholesale vehicle taxes and \$221,688 in sales taxes were rebated under these agreements. At December 31, 2022, the Village has accrued an estimated rebate liability of \$622,446 for amounts collected by the State and the Village through December 31, 2022. The amounts to be reimbursed annually are limited to various percentages or maximum limits of sales taxes and property taxes generated by the commercial entities.

#### Note 11: Joint Ventures

### Northwest Suburban Municipal Joint Action Water Agency

### Description of Joint Venture

The Village is a member of Northwest Suburban Municipal Joint Action Water Agency (JAWA) which consists of seven municipalities. JAWA is a municipal corporation and public body politic and corporate established pursuant to the *Intergovernmental Cooperation Act* of the State of Illinois. JAWA is empowered to plan, construct, improve, extend, acquire, finance, operate and maintain a water supply system to serve its members and other potential water purchasers.

JAWA is governed by a Board of Directors which consists of one elected official from each member municipality. Each Director has an equal vote. The officers of JAWA are appointed by the Board of Directors. The Board of Directors determines the general policy of JAWA, makes all appropriations, approves contracts for sale or purchase of water, provides for the issuance of debt, adopts by-laws, rules and regulations and exercises such powers and performs such duties as may be prescribed in the agency agreement or the by-laws.

Complete financial statements can be obtained from the Northwest Suburban Municipal Joint Action Water Agency, 903 Brantwood Avenue, Elk Grove Village, Illinois 60007.

Revenues of the system consist of (1) all receipts derived from the Water Supply Agreements or any other contract for the supply of water; (2) all income derived from the investment of monies; and (3) all income, fees, water service charges and all grants, rents and receipts derived by JAWA from the ownership and operation of the system and the sale of water. JAWA covenants to establish fees and charges sufficient to provide revenues to meet all its obligations.

JAWA has entered into water supply agreements with the seven member municipalities for a term of 40 years, extending to 2058. The agreements are irrevocable and may not be terminated or amended except as provided for in the General Resolution. Each member is obligated, on a "take or pay" basis, to purchase or in any event to pay for a minimum annual quantity of water.

JAWA has entered into an agreement with the City of Chicago (City) under which the City has agreed to sell quantities of Lake Michigan water sufficient to meet the projected water needs of the members through the year 2032.

## Notes to Financial Statements December 31, 2022

The obligation of the Village to make payments required by this agreement is payable from the Village's Waterworks and Sewerage Fund.

In accordance with the joint venture agreement, the Village remitted \$8,630,454 to JAWA for 2022. The Village does not have an equity interest in JAWA at December 31, 2022.

### Solid Waste Agency of Northern Cook County

The Village is a member of the Solid Waste Agency of Northern Cook County (SWANCC) which consists of 23 municipalities. SWANCC is a municipal corporation and public body politic and corporate established pursuant to the *Intergovernmental Cooperation Act* of the State of Illinois. SWANCC is empowered to plan, construct, finance, operate and maintain a solid waste disposal system to serve its members. SWANCC is governed by a Board of Directors which consists of the mayor or president from each member municipality. Each director has an equal vote. The officers of SWANCC are appointed by the Board of Directors. The Board of Directors determines the general policy of SWANCC, makes all appropriations, approves contracts, provides for the issuance of debt, adopts by-laws, rules and regulations and exercises such powers and performs such duties as may be prescribed in the agency agreement or the by-laws. SWANCC has no power to levy taxes.

Complete financial statements for SWANCC can be obtained from the SWANCC's administrative office at 2700 Patriot Blvd., Suite 110, Glenview, Illinois 60026. Revenues of the system consist of (1) all receipts derived from solid waste disposal contracts or any other contracts for the disposal of waste; (2) all income derived from the investment of monies and (3) all income, fees, service charges and all grants, rents and receipts derived by SWANCC from the ownership and operation of the system. SWANCC covenants to establish fees and charges sufficient to provide revenues to meet all its requirements.

SWANCC has entered into solid waste disposal contracts with the member municipalities. The contracts are irrevocable and may not be terminated or amended except as provided for in the contract. Each member is obligated, on a "take or pay" basis, to deliver a minimum amount of solid waste to the system. The obligation of the Village to make all payments as required by this contract is unconditional and irrevocable, without regard to performance or nonperformance by SWANCC of its obligations under the contract. The contract does not constitute an indebtedness of the Village within the meaning of any statutory or constitutional limitation.

In accordance with the contract, the Village made payments totaling \$743,793 to SWANCC in 2022. The payments have been recorded in the Municipal Waste System Account. The Village does not have an equity interest in SWANCC at December 31, 2022.

#### Note 12: Defined Benefit Pension Plans

The Village contributes to three defined benefit pension plans: the Illinois Municipal Retirement Fund (IMRF), an agent multiple-employer public employee retirement system; the Police Pension Plan, which is a single-employer pension plan and the Firefighters' Pension Plan, which is also a

## Notes to Financial Statements December 31, 2022

single-employer pension plan. The benefits, benefit levels, employee contributions and employer contributions for all three plans are governed by Illinois Compiled Statutes (ILCS) and can only be amended by the Illinois General Assembly. The Police and Firefighters' Pension Plans do not issue separate reports. IMRF issues a publicly available report that includes financial statements and supplementary information for the plan as a whole, but not for individual employers. That report can be obtained from IMRF, 2211 York Road, Suite 500, Oak Brook, Illinois 60523 or at <a href="https://www.imrf.org">www.imrf.org</a>.

The table below is a summary for all pension plans as of and for the year ended December 31, 2022:

|                                | Governmental<br>Activities | Business-Type<br>Activities* | Total<br>Village |
|--------------------------------|----------------------------|------------------------------|------------------|
| Net pension liability (asset)  |                            |                              |                  |
| IMRF                           | \$ (5,571,023)             | \$ (1,759,270)               | \$ (7,330,293)   |
| Police                         | 76,100,139                 | -                            | 76,100,139       |
| Firefighters'                  | 51,600,135                 |                              | 51,600,135       |
|                                | \$ 122,129,251             | \$ (1,759,270)               | \$ 120,369,981   |
| Deferred outflows of resources |                            |                              |                  |
| IMRF                           | \$ 2,624,141               | \$ 828,677                   | \$ 3,452,818     |
| Police                         | 17,848,149                 | -                            | 17,848,149       |
| Firefighters'                  | 18,343,037                 |                              | 18,343,037       |
|                                | \$ 38,815,327              | \$ 828,677                   | \$ 39,644,004    |
| Deferred inflows of resources  |                            |                              |                  |
| IMRF                           | \$ 9,319,649               | \$ 2,943,047                 | \$ 12,262,696    |
| Police                         | 2,662,590                  | -                            | 2,662,590        |
| Firefighters'                  | 2,719,594                  |                              | 2,719,594        |
|                                | \$ 14,701,833              | \$ 2,943,047                 | \$ 17,644,880    |
| Pension expense                |                            |                              |                  |
| IMRF                           | \$ (1,465,314)             | \$ (462,731)                 | \$ (1,928,045)   |
| Police                         | 9,914,612                  | -                            | 9,914,612        |
| Firefighters'                  | 6,415,745                  |                              | 6,415,745        |
|                                | \$ 14,865,043              | \$ (462,731)                 | \$ 14,402,312    |

<sup>\*</sup>Same amounts are also reported in the proprietary fund statements.

## Notes to Financial Statements December 31, 2022

### Illinois Municipal Retirement Fund

#### Plan Administration

All employees (other than those covered by the Police and Firefighters' Pension Plans) hired in positions that meet or exceed the prescribed annual hourly standard must be enrolled in IMRF as participating members.

The plan is accounted for on the economic resources measurement focus and the accrual basis of accounting. Employer and employee contributions are recognized when earned in the year that the contributions are required, benefits and refunds are recognized as an expense and liability when due and payable.

#### Plan Membership

At December 31, 2021, the latest actuarial valuation date, IMRF membership consisted of:

| Inactive employees or their beneficiaries currently receiving benefits | 214 |
|--|-----|
| Inactive employees entitled to but not yet receiving benefits          | 113 |
| Active employees   | 172 |
|  |     |
|  | 499 |

#### Benefits Provided

IMRF provides two tiers of pension benefits. Employees hired prior to January 1, 2011, are eligible for Tier 1 benefits. For Tier 1 employees, pension benefits vest after eight years of service. Participating members who retire at age 55 (reduced benefits) or after age 60 (full benefits) with eight years of credited service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1 2/3% of their final rate of earnings, for each year of credited service up to 15 years and 2% for each year thereafter. Employees hired on or after January 1, 2011, are eligible for Tier 2 benefits. For Tier 2 employees, pension benefits vest after ten years of service. Participating members who retire at age 62 (reduced benefits) or after age 67 (full benefits) with ten years of credited service are entitled to an annual retirement benefit, payable monthly for life, in an amount equal to 1 2/3% of their final rate of earnings, for each year of credited service up to 15 years and 2% for each year thereafter. IMRF also provides death and disability benefits. These benefit provisions and all other requirements are established by state statute.

#### **Contributions**

Participating members are required to contribute 4.50% of their annual salary to IMRF. The Village is required to contribute the remaining amounts necessary to fund IMRF as specified by statute. The employer contribution rate for the calendar years ended 2021 and 2022 were 12.25% and 11.59%, respectively, of covered payroll. Contributions to the plan by the Village were \$1,664,900 for 2022.

## Notes to Financial Statements December 31, 2022

#### Actuarial Assumptions

The Village's net pension liability(asset) was measured as of December 31, 2021, and the total pension liability used to calculate the net pension liability was determined by an actuarial valuation performed as of the same date using the following actuarial methods and assumptions.

Actuarial Valuation Date December 31, 2021

Actuarial Cost Method Entry-age normal

Asset Valuation Method Market value of assets

Assumptions

Investment Rate of Return 7.25%
Salary Increases 2.85% to 13.75%
Price Inflation 2.25%

Retirement age: Experience-based table of rates that are specific to the type of eligibility condition. Last updated for the 2020 valuation pursuant to an experience study of the period 2017-2019.

Mortality: For nondisabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Retiree, Male (adjusted 106%) and Female (adjusted 105%) tables, and future mortality improvements projected using scale MP-2020. For disabled retirees, the Pub-2010, Amount-Weighted, below-median income, General, Disabled Retiree, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020. For active members, the Pub-2010, Amount-Weighted, below-median income, General, Employee, Male and Female (both unadjusted) tables, and future mortality improvements projected using scale MP-2020.

#### Long-Term Expected Real Rate of Return

The long-term expected rate of return on pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense, and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return to the target asset allocation percentage and adding expected inflation. The target allocation and best estimates of geometric real rates of

## Notes to Financial Statements December 31, 2022

return as of the December 31, 2021 measurement date, for each major asset class are summarized in the following table:

| Asset Class            | Target | Long-Term<br>Expected Real<br>Rate of Return |
|------------------------|--------|--|
|                        | -      |  |
| Domestic equities      | 39%    | 4.50%  |
| International equities | 15%    | 5.75%  |
| Fixed income           | 25%    | 2.00%  |
| Real estate            | 10%    | 5.90%  |
| Alternatives           | 10%    | 4.30 - 8.10%                                 |
| Cash equivalents       | 1%     | 1.70%  |
|                        |        |  |

#### Discount Rate

The discount rate used to measure the total pension liability at the December 31, 2021 measurement date was 7.25% (7.50% in prior year). The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that the Village contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the IMRF's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members.

## Notes to Financial Statements December 31, 2022

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources

For the year ended December 31, 2022, the Village recognized pension expense of \$(1,928,045). At December 31, 2022, the Village reported deferred outflows of resources and deferred inflows of resources related to IMRF from the following sources:

|   | Deferred<br>Outflows of<br>Resources | Deferred<br>Inflows of<br>Resources |
|---|--------------------------------------|-------------------------------------|
| Differences between expected and            |                                      |                                     |
| actual experience                           | \$ 1,787,918                         | \$ -                                |
| Changes of assumption                       | -                                    | 315,734                             |
| Net difference between projected and        |                                      |                                     |
| actual earnings on Pension Plan investments | -                                    | 11,946,962                          |
| Contributions made subsequent to the        |                                      |                                     |
| measurement date                            | 1,664,900                            |                                     |
| Total                                       | \$ 3,452,818                         | \$ 12,262,696                       |

\$1,664,900 reported as deferred outflows of resources related to pensions resulting from the Village contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability(asset) in the year ending December 31, 2023. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to IMRF will be recognized in pension expense as follows:

### Year Ending

| December 31, | Amount          |
|--------------|-----------------|
| 2023         | \$ (1,851,744)  |
| 2024         | (3,978,600)     |
| 2025         | (2,827,148)     |
| 2026         | (1,817,286)     |
| Total        | \$ (10,474,778) |

## Notes to Financial Statements December 31, 2022

#### Discount Rate Sensitivity

The following is a sensitivity analysis of the Village's net pension liability(asset) to changes in the discount rate. The table below presents the net pension liability(asset) of the Village calculated using the discount rate of 7.25% as well as what the Village's net pension liability(asset) would be if it were calculated using a discount rate that is 1 percentage point lower (6.25%) or 1 percentage point higher (8.25%) than the current rate:

|                               | Current              |     |                        |    |                       |
|-------------------------------|----------------------|-----|------------------------|----|-----------------------|
|                               | <br>Decrease (6.25)% | Dis | scount Rate<br>(7.25)% | 1  | % Increase<br>(8.25)% |
| Net pension liability (asset) | \$<br>4,265,381      | \$  | (7,330,293)            | \$ | (16,627,468)          |

#### Police Pension Plan

#### Plan Administration

Police sworn personnel are covered by the Police Pension Plan. Although this is a single-employer pension plan, the defined benefits and employee and employer contribution levels are governed by Illinois Compiled Statutes (40 ILCS 5/3-1) and may be amended only by the Illinois legislature. The Village accounts for the plan as a pension (and other employee benefit) trust fund.

The plan is governed by a five-member Board of Trustees. Two members of the Board of Trustees are appointed by the Village's President, one member is elected by pension beneficiaries and two members are elected by active police employees.

The plan is accounted for on the economic resources measurement focus and the accrual basis of accounting. Employer and employee contributions are recognized when earned in the year that the contributions are required, benefits and refunds are recognized as an expense and liability when due and payable.

### Plan Membership

At December 31, 2022, the measurement date, membership consisted of:

| Inactive plan members currently receiving benefits               | 110 |
|--|-----|
| Inactive plan members entitled to but not yet receiving benefits | 18  |
| Active plan members  | 85  |
|  |     |
| Total  | 213 |

## Notes to Financial Statements December 31, 2022

#### Benefits Provided

The Police Pension Plan provides retirement benefits through two tiers of benefits as well as death and disability benefits. Tier 1 employees (those hired prior to January 1, 2011) attaining the age of 50 or older with 20 or more years of creditable service are entitled to receive an annual retirement benefit equal to one-half of the salary attached to the rank held on the last day of service, or for one year prior to the last day, whichever is greater. The annual benefit shall be increased by 2.50% of such salary for each additional year of service over 20 years up to 30 years to a maximum of 75% of such salary. Employees with at least eight years but less than 20 years of credited service may retire at or after age 60 and receive a reduced benefit. The monthly benefit of a police officer who retired with 20 or more years of service after January 1, 1977, shall be increased annually, following the first anniversary date of retirement and be paid upon reaching the age of at least 55 years, by 3% of the original pension and 3% compounded annually thereafter.

Tier 2 employees (those hired on or after January 1, 2011) attaining the age of 55 or older with ten or more years of creditable service are entitled to receive an annual retirement benefit equal to the average monthly salary obtained by dividing the total salary of the police officer during the 96 consecutive months of service within the last 120 months of service in which the total salary was the highest by the number of months of service in that period. Police officers' salary for pension purposes is capped at \$106,800, plus the lesser of ½ of the annual change in the Consumer Price Index or 3% compounded. The annual benefit shall be increased by 2.50% of such salary for each additional year of service over 20 years up to 30 years to a maximum of 75% of such salary. Employees with at least ten years may retire at or after age 50 and receive a reduced benefit (*i.e.*, ½% for each month under 55). The monthly benefit of a Tier 2 police officer shall be increased annually at age 60 on the January 1st after the police officer retires, or the first anniversary of the pension starting date, whichever is later. Noncompounding increases occur annually, each January thereafter. The increase is the lesser of 3% or ½ of the change in the Consumer Price Index for the proceeding calendar year.

#### Contributions

Employees are required by ILCS to contribute 9.91% of their base salary to the Police Pension Plan. If an employee leaves covered employment with less than 20 years of service, accumulated employee contributions may be refunded without accumulated interest. The Village is required to contribute the remaining amounts necessary to finance the plan and the administrative costs as actuarially determined by an enrolled actuary. Effective January 1, 2011, the Village has until the year 2040 to fund 90% of the past service cost for the Police Pension Plan. However, the Village funds at 100% of the past service cost. For the year ended December 31, 2022, the Village's contributions were 72.62% of covered payroll and amounted to \$6,070,101.

### Police Pension Fund Deposits and Investments

Investments of the Police' Pension Plan are combined in a commingled external investment pool and held by the Illinois Police Officers' Pension Investment Fund (IPOPIF). IPOPIF is an investment trust fund established by Illinois Public Act 101-0610, which was effective as of

## Notes to Financial Statements December 31, 2022

January 1, 2020. Participation in IPOPIF is mandatory for Illinois police pension funds. IPOPIF consolidates the assets of the state's police pension fund assets under its management for the purpose of obtaining a total return on investments to provide pension benefits to the beneficiaries of the participating pension funds.

IPOPIF is authorized to invest in all investments allowed by Illinois Compiled Statutes (ILCS). The IPOPIF shall not be subject to any of the limitations applicable to investments of pension fund assets currently held by the transferor pension funds under Sections 1-113.1 through 1-113.12 or Article 4 of the Illinois Pension Code.

For additional information on IPOPIF's investments, please refer to their annual reports as of June 30, 2021 and 2022. A copy of the reports can be obtained from IPOPIF at 456 Fulton Street, Suite 402 Peoria, IL 61602 or at www.IPOPIF.org.

On December 17, 2021, the IPOPIF Board adopted its Investment Policy, which provided for a short-term asset allocation to accommodate the initial transition of investment assets from Participating Pension Funds and the subsequent buildout of diversified strategies. The policy was amended to provide long-term allocation targets.

|                               | Short Term           |                |        | Long Term |                      |

## Notes to Financial Statements December 31, 2022

The long-term expected rate of return of the Police' Pension Fund's investments of 7.25% was determined using best estimate ranges of expected future real rates of return (net of pension plan investment expense and inflation) developed for each major asset class. These ranges were combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates or arithmetic real rates of return excluding inflation for each major asset class included in the Fund's target asset allocation as of December 31, 2022, are listed in the table above.

For the year ended December 31, 2022, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense, was (1.97%). The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

All investments in the plan are stated at fair value and recorded as of the trade date. Fair value measurements are categorized based on a hierarchy established by generally accepted accounting principles using one of three levels determined by valuation inputs used to measure the fair value of the asset.

**Level 1** includes quoted prices in active markets for an identical asset or liability that a government can access at the measurement date.

**Level 2** includes inputs other than quoted prices included with Level 1, which are observable for an asset or liability, either directly or indirectly. Level 2 inputs include quoted prices for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 includes unobservable inputs for an asset or liability.

The Police' Pension Fund had no investments subject to these fair value measurements at December 31, 2022.

The valuation method for the pooled investment in IPOPIF is measured at the net asset value (NAV) per share (or its equivalent). The Net Asset Value (NAV) of the plan's pooled investment in IPOPIF was \$79,745,227 at December 31, 2022. The pooled investments consist of the investments as noted in the target allocation table available at <a href="https://www.IPOPIF.org">www.IPOPIF.org</a>. Investments in IPOPIF are valued at IPOPIF's share price, which is the price the investment could be sold. There are no unfunded commitments at December 31, 2022. The Plan may redeem shares by submitting requests at least seven calendar days prior to the requested transfer date to ensure availability and to minimize costs. IPOPIF may, in its sole discretion and based on the circumstances, process cash withdrawal requests with fewer than seven calendar days before the requested transfer date. Multiple transactions can be entered up to 13 months in advance.

The Police' Pension Fund holds its available cash at two financial institutions. The amount of available cash is based on the level of current expenses of the Fund. Any excess is required to be transferred to IPOPIF for investment.

## Notes to Financial Statements December 31, 2022

Custodial credit risk for deposits with financial institutions is the risk that in the event of bank failure, the Fund's deposits may not be returned to it. At December 31, 2022, the bank balances did not exceed FDIC coverage levels.

### Changes in Net Pension Liability

| Balances at, December 31, 2022 | \$ 160,831,432                    | \$ 84,731,293                         | \$ 76,100,139                         |

### Actuarial Assumptions

The total pension liability above was determined by an actuarial valuation performed as of December 31, 2022, using the following actuarial methods and assumptions.

| Actuarial Valuation Date | December 31, 2022 |
|--------------------------|-------------------|
| Actuarial Cost Method    | Entry-age normal  |
| Asset Valuation Method   | Market Value      |
| Assumptions              |                   |
| Rate of Return           | 7.25%             |
| Salary Increases         | 3.25% to 10.08%   |
| Inflation                | 2.25%             |

## Notes to Financial Statements December 31, 2022

Mortality rates were based on the Pub-2010 Adjusted for Plan Status, Demographics, and Illinois Pension Data.

#### Discount Rate

The discount rate used to measure the total pension liability at December 31, 2022, was 7.25% (7.50% in prior year). The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that the Village contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the Fund's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members.

#### Discount Rate Sensitivity

The following is a sensitivity analysis of the Village's net pension liability to changes in the discount rate. The table below presents the pension liability of the Village calculated using the discount rate of 7.25% as well as what the Village's net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (6.25%) or 1 percentage point higher (8.25%) than the current rate:

|                       |                        | Current                  |                        |
|-----------------------|------------------------|--------------------------|------------------------|
|                       | 1% Decrease<br>(6.25)% | Discount Rate<br>(7.25)% | 1% Increase<br>(8.25)% |
| Net pension liability | \$ 98,226,010          | \$ 76,100,139            | \$ 58,047,348          |

Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources

For the year ended December 31, 2022, the Village recognized police pension expense of \$9,914,612. At December 31, 2022, the Village reported deferred outflows of resources and deferred inflows of resources related to the Police Pension Plan from the following sources:

|   | Deferred<br>Outflows of<br>Resources |            | Deferred<br>Inflows of<br>Resources |           |
|---|--------------------------------------|------------|-------------------------------------|-----------|
| Differences between expected and            |                                      |            |                                     |           |
| actual experience                           | \$                                   | 3,074,974  | \$                                  | 2,662,590 |
| Changes of assumption                       |                                      | 5,998,549  |                                     | -         |
| Net difference between projected and        |                                      |            |                                     |           |
| actual earnings on pension plan investments |                                      | 8,774,626  |                                     |           |
| Total                                       | \$                                   | 17,848,149 | \$                                  | 2,662,590 |

## Notes to Financial Statements December 31, 2022

Amounts reported as deferred outflows of resources and deferred inflows of resources related to the Police Pension Plan will be recognized in pension expense as follows:

| Year Ending December 31, | Amount        |
|--------------------------|---------------|
| 2023                     | \$ 3,102,776  |
| 2024                     | 4,030,229     |
| 2025                     | 3,515,852     |
| 2026                     | 4,348,770     |
| 2027                     | 187,932       |
| Thereafter               | <u>-</u> _    |
| Total                    | \$ 15,185,559 |

#### Firefighters' Pension Plan

#### Plan Administration

Firefighter sworn personnel are covered by the Firefighters' Pension Plan, a single-employer defined benefit pension plan sponsored by the Village. The defined benefits and employee and minimum employer contribution levels are governed by Illinois Compiled Statutes (40 ILCS 5/4-101) and may be amended only by the Illinois legislature. The Village accounts for the Firefighters' Pension Plan as a pension trust fund.

The plan is governed by a five-member Board of Trustees. Two members of the Board of Trustees are appointed by the Village's President, one member is elected by pension beneficiaries and two members are elected by active firefighter employees.

The plan is accounted for on the economic resources measurement focus and the accrual basis of accounting. Employer and employee contributions are recognized when earned in the year that the contributions are required, benefits and refunds are recognized as an expense and liability when due and payable.

#### Plan Membership

At December 31, 2022, the measurement date, membership consisted of:

| Inactive plan members currently receiving benefits Active plan members | 92<br>94 |
|--|----------|
| Total  | 186      |

## Notes to Financial Statements December 31, 2022

#### Benefits Provided

The following is a summary of benefits of the plan as provided for in ILCS:

The Firefighters' Pension Plan provides retirement benefits as well as death and disability benefits. Tier 1 employees (those hired prior to January 1, 2011) attaining the age of 50 or older with 20 or more years of creditable service are entitled to receive an annual retirement benefit equal to one-half of the salary attached to the rank held at the date of retirement. The annual benefit shall be increased by 2.50% of such salary for each additional year of service over 20 years up to 30 years to a maximum of 75% of such salary. Employees with at least 10 years but less than 20 years of credited service may retire at or after age 60 and receive a reduced benefit. The monthly benefit of a covered employee who retired with 20 or more years of service after January 1, 1977, shall be increased annually, following the first anniversary date of retirement and be paid upon reaching the age of at least 55 years, by 3% of the original pension and 3% compounded annually thereafter.

Tier 2 employees (those hired on or after January 1, 2011) attaining the age of 55 or older with ten or more years of creditable service are entitled to receive an annual retirement benefit equal to the average monthly salary obtained by dividing the total salary of the firefighter during the 96 consecutive months of service within the last 120 months of service in which the total salary was the highest by the number of months of service in that period. Firefighters' salary for pension purposes is capped at \$106,800, plus the lesser of ½ of the annual change in the Consumer Price Index or 3% compounded. The annual benefit shall be increased by 2.50% of such salary for each additional year of service over 20 years up to 30 years to a maximum of 75% of such salary. Employees with at least 10 years may retire at or after age 50 and receive a reduced benefit (*i.e.*, ½% for each month under 55). The monthly benefit of a Tier 2 firefighter shall be increased annually at age 60 on the January 1<sup>st</sup> after the firefighter retires, or the first anniversary of the pension starting date, whichever is later. Noncompounding increases occur annually, each January thereafter. The increase is the lesser of 3% or ½ of the change in the Consumer Price Index for the proceeding calendar year.

#### Contributions

Employees are required by ILCS to contribute 9.455% of their base salary to the Firefighter's Pension Plan. If an employee leaves covered employment with less than 20 years of service, accumulated employee contributions may be refunded without accumulated interest. The Village is required to contribute the remaining amounts necessary to finance the plan, as actuarially determined by an enrolled actuary. However, effective January 1, 2011, ILCS requires the Village to contribute a minimum amount annually calculated using the projected unit credit actuarial cost method that will result in the funding of 90% of the past service cost by the year 2040. However, the Village funds at 100% of the past service cost. For the year ended December 31, 2022, the Village's contributions were 45.83% of covered payroll and amounted to \$4,537,332.

## Notes to Financial Statements December 31, 2022

#### Firefighters' Pension Fund Deposits and Investments

Investments of the Firefighters' Pension Plan are combined in a commingled external investment pool and held by the Illinois Firefighters' Pension Investment Fund (IFPIF). IFPIF is an investment trust fund established by Illinois Public Act 101-0610, which was effective as of January 1, 2020. Participation in IFPIF is mandatory for Illinois firefighter pension funds. IFPIF consolidates the assets of the state's firefighter pension fund assets under its management for the purpose of obtaining a total return on investments to provide pension benefits to the beneficiaries of the participating pension funds.

IFPIF is authorized to invest in all investments allowed by Illinois Compiled Statutes (ILCS). The IFPIF shall not be subject to any of the limitations applicable to investments of pension fund assets currently held by the transferor pension funds under Sections 1-113.1 through 1-113.12 or Article 4 of the Illinois Pension Code.

For additional information on IFPIF's investments, please refer to their annual reports as of June 30, 2021 and 2022. A copy of the reports can be obtained from IFPIF at 1919 South Highland Avenue, Building A, Suite 237, Lombard, IL 60148 or at www.ifpif.org.

On June 18, 2021, the IFPIF Board adopted its Investment Policy, which included interim and long-term asset allocations.

| Asset Allocation                 | Interim Asset<br>Allocation (%) | Long-Term Asset Allocation (%) | Interim<br>Ranges (%) |
|----------------------------------|---------------------------------|--------------------------------|-----------------------|
| -                                |                                 | , ,                            |                       |
| Equity                           |                                 |                                |                       |
| US Equity                        | 36                              | 25                             | +/- 5                 |
| Developed Market Equity (non-US) | 19                              | 13                             | +/- 4                 |

The long-term expected rate of return of the Firefighters' Pension Fund's investments of 7.25% was determined using best estimate ranges of expected future real rates of return (net of pension plan investment expense and inflation) developed for each major asset class. These ranges were combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates or arithmetic real rates of return excluding inflation for

## Notes to Financial Statements December 31, 2022

each major asset class included in the Fund's target asset allocation as of December 31, 2022, are listed in the table above.

For the year ended December 31, 2022, the annual money-weighted rate of return on pension plan investments, net of pension plan investment expense, was -2.67%. The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested.

All investments in the plan are stated at fair value and recorded as of the trade date. Fair value measurements are categorized based on a hierarchy established by generally accepted accounting principles using one of three levels determined by valuation inputs used to measure the fair value of the asset.

**Level 1** includes quoted prices in active markets for an identical asset or liability that a government can access at the measurement date.

**Level 2** includes inputs other than quoted prices included with Level 1, which are observable for an asset or liability, either directly or indirectly. Level 2 inputs include quoted prices for similar assets or liabilities, quoted prices for identical or similar assets or liabilities in markets that are not active, or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

Level 3 includes unobservable inputs for an asset or liability.

The Firefighters' Pension Fund had no investments subject to these fair value measurements at December 31, 2022.

The valuation method for the pooled investment in IFPIF is measured at the net asset value (NAV) per share (or its equivalent). The Net Asset Value (NAV) of the plan's pooled investment in IFPIF was \$91,695,774 at December 31, 2022. The pooled investments consist of the investments as noted in the target allocation table available at www.ifpif.org. Investments in IFPIF are valued at IFPIF's share price, which is the price the investment could be sold. There are no unfunded commitments at April 30, 2022. The plan may redeem shares by giving notice by 5:00 pm central time on the 1st of each month. Requests properly submitted on or before the 1st of each month will be processed for redemption by the 14th of the month. Expedited redemptions may be processed at the sole discretion of IFPIF.

The Firefighters' Pension Fund holds its available cash at two financial institutions. The amount of available cash is based on the level of current expenses of the Fund. Any excess is required to be transferred to IFPIF for investment.

Custodial credit risk for deposits with financial institutions is the risk that in the event of bank failure, the Fund's deposits may not be returned to it. At December 31, 2022, the bank balances did not exceed FDIC coverage levels.

### Actuarial Assumptions

The total pension liability above was determined by an actuarial valuation performed as of December 31, 2022, using the following actuarial methods and assumptions:

| Actuarial Valuation Date | December 31, 2022 |
|--------------------------|-------------------|
| Actuarial Cost Method    | Entry-age normal  |
| Asset Valuation Method   | Market Value      |
| Assumptions              |                   |
| Rate of Return           | 7.25%             |
| Salary Increases         | 3.75% to 9.79%    |
| Inflation                | 2.25%             |

Mortality rates were based on the Pub-2010 Adjusted for Plan Status, Demographics and Illinois Pension Data.

## Notes to Financial Statements December 31, 2022

#### Changes in Assumptions

Assumption changes includes the change in the High-Quality 20 Year Tax-Exempt General Obligation Bond Rate assumption was changed from 2.06% in 2021 to 3.72% in 2022. The Discount Rate used in the determination of the Total Pension Liability was changed from 7.50% in 2021 to 7.25% in 2022.

#### Discount Rate

The discount rate used to measure the total pension liability at December 31, 2022, was 7.25% (7.50% in prior year). The projection of cash flows used to determine the discount rate assumed that member contributions will be made at the current contribution rate and that the Village contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on those assumptions, the Fund's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members.

#### Discount Rate Sensitivity

The following is a sensitivity analysis of the Village's net pension liability to changes in the discount rate. The table below presents the pension liability of the Village calculated using the discount rate of 7.25% as well as what the Village's net pension liability would be if it were calculated using a discount rate that is 1 percentage point lower (6.25%) or 1 percentage point higher (8.25%) than the current rate:

|                       |                        |            | Current               |    |                        |  |
|-----------------------|------------------------|------------|-----------------------|----|------------------------|--|
|                       | 1% Decrease<br>(6.25)% |            | Discount Rate (7.25)% |    | 1% Increase<br>(8.25)% |  |
| Net pension liability | \$                     | 71,603,143 | \$<br>51,600,135      | \$ | 35,102,110             |  |

#### Pension Expense and Deferred Outflows of Resources and Deferred Inflows of Resources

For the year ended December 31, 2022, the Village recognized firefighters' pension expense of \$6,415,745. At December 31, 2022, the Village reported deferred outflows of resources and deferred inflows of resources related to the Firefighters' Pension Plan from the following sources:

|   | Deferred<br>Outflows of<br>Resources | Deferred<br>Inflows of<br>Resources |
|---|--------------------------------------|-------------------------------------|
| Differences between expected and actual experience<br>Changes of assumption<br>Net difference between projected and | \$ 1,171,868<br>4,881,155            | \$ 2,358,152<br>361,442             |
| actual earnings on pension plan investments   | 12,290,014                           |                                     |
| Total   | \$ 18,343,037                        | \$ 2,719,594                        |

## Notes to Financial Statements December 31, 2022

Amounts reported as deferred outflows of resources and deferred inflows of resources related to the Firefighter's Pension Plan will be recognized in pension expense as follows:

| Year Ending December 31, | Amount        |
|--------------------------|---------------|
| 2023                     | \$ 1,075,337  |
| 2023                     | 3,205,210     |
| 2025                     | 4,840,843     |
| 2026                     | 5,669,806     |
| 2027                     | 423,136       |
| Thereafter               | 409,111       |
| Total                    | \$ 15,623,443 |

### **Note 13: Other Postemployment Benefits**

### Plan Description

In addition to providing the pension benefits described, the Village provides postemployment health care benefits (OPEB) for retired employees through a single-employer defined benefit plan. The benefits, benefit levels, employee contributions and employer contributions are governed by the Village and can be amended by the Village through its personnel manual and union contracts. The plan is not accounted for as a trust fund, as an irrevocable trust has not been established to account for the plan. Thus, no assets are accumulated in a trust that meets the criteria in

## Notes to Financial Statements December 31, 2022

paragraph 4 of GASB Statement No 75. The plan does not issue a separate report. The activity of the plan is reported in the Village's governmental and business-type activities.

#### Benefits Provided

The Village provides postemployment health care benefits to its retirees and certain disabled employees. To be eligible for benefits, an employee must qualify for retirement under one of the Village's retirement plans or meet COBRA requirements.

All health care benefits are provided through the Village's insured health plan. The benefit levels are the same as those afforded to active employees. Benefits include general inpatient and outpatient medical services; mental, nervous and substance abuse care; vision care; dental care; and prescriptions. Once reaching Medicare age, retirees are covered by a Medicare supplement plan as opposed to the Village's active employee health plan. For certain disabled employees who qualify for health insurance benefits under the *Public Safety Employee Benefits Act* (PSEBA), the Village is required to pay 100% of the cost of basic health insurance for the employee and their dependents for their lifetime. All retirees contribute 100% of the actuarially determined premium to the plan to cover the cost of providing the benefits to the current members via the insured plan (pay-as-you-go) which results in an implicit subsidy to the Village.

#### Membership

At December 31, 2022, membership consisted of:

Retirees and beneficiaries currently receiving benefits

Active employees

72

337

#### Total OPEB Liability

Total

The Village's total OPEB liability of \$8,575,903 was measured as of December 31, 2022, determined by an actuarial valuation as of January 1, 2022.

### Actuarial Assumptions and Other Inputs

The total OPEB liability in the December 31, 2022 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement, unless otherwise specified:

Actuarial Cost Method Entry-age Normal

Actuarial Value of Assets N/A

409

## Notes to Financial Statements December 31, 2022

**IMRF Mortality Rates** - follow PubG-2010(B) Improved Generationally using MP-2020 Improvement Rates, weighted per IMRF Experience Study Report dated December 14, 2020.

Police Mortality Rates - Active Mortality follows the Sex Distinct Raw Rates as developed in the PubS-2010(A) Study improved to 2017 using MP-2019 Improvement Rates. These rates are then improved generationally using MP-2019 Improvement Rates. Retiree Mortality follows the L&A Assumption Study for Police 2020. These rates are experience weighted with the Sex Distinct Raw Rates as developed in the PubS-2010(A) Study improved to 2017 using MP-2019 Improvement Rates. These rates are then improved generationally using MP-2019 Improvement Rates. Disabled Mortality follows the Sex Distinct Raw Rates as developed in the PubS-2010 Study for disabled participants improved to 2017 using MP-2019 Improvement Rates. These rates are then improved generationally using MP-2019 Improvement Rates. Spouse Mortality follows the Sex Distinct Raw Rates as developed in the PubS- 2010(A) Study for contingent survivors. For all rates not provided there (ages 45 and younger) the PubG-2010 Study for general employees was used. Mortality improvement uses MP-2019 Improvement Rates applied on a fully generational basis.

Fire Mortality Rates - Active Mortality follows the Sex Distinct Raw Rates as developed in the PubS-2010(A) Study improved to 2017 using MP-2019 Improvement Rates. These rates are then improved generationally using MP-2019 Improvement Rates. Retiree Mortality follows the L&A Assumption Study for Firefighters 2020. These rates are experience weighted with the Sex Distinct Raw Rates as developed in the PubS-2010(A) Study improved to 2017 using MP-2019 Improvement Rates. These rates are then improved generationally using MP-2019 Improvement Rates. Disabled Mortality follows the L&A Assumption Study for Disabled Firefighters 2020. These rates are experience weighted with the Sex Distinct Raw Rates as developed in the PubS-2010 Study for disabled participants improved to 2017 using MP-2019 Improvement Rates. These rates are then improved generationally using MP-2019 Improvement Rates. Spouse Mortality follows the Sex Distinct Raw Rates as developed in the PubS-2010(A) Study for contingent survivors. For all rates not provided there (ages 45 and younger) the PubG-2010 Study

<sup>\*</sup>The discount rate was based on the index rate for tax exempt general obligation municipal bonds rated AA or better at December 31, 2022. The discount rate at December 31, 2021, was 2.06%.

## Notes to Financial Statements December 31, 2022

for general employees was used. Mortality improvement uses MP-2019 Improvement Rates applied on a fully generational basis.

The actuarial assumptions used in the December 31, 2022 valuation, are based on 50% participation assumed, with 50% electing spouse coverage.

### Assumption Changes

Effective January 1, 2022, the Village offers Benistar for Medicare eligible retirees. Benistar does not generate any liability. Based on the retirees who elected Benistar, the retiree lapse rate assumption changed at age 65 from 50% to 85%. Plan participation assumption was also updated.

The assumed rate on High Quality 20-year Tax-Exempt G.O. Bonds was changed from 2.06% to 3.72% for the current year. The underlying index used is the Bond Buyer 20-Bond GO Index. Since the Employer does not have a trust dedicated exclusively to the payment of OPEB benefits, the discount rate used in the determination of the Total OPEB Liability was also changed from 2.06% to 3.72%.

### Changes in the Total OPEB Liability

|                                | Total OPEB<br>Liability |
|--------------------------------|-------------------------|
| Balances at, January 1, 2022   | \$ 10,069,277           |
| Changes for the period         |                         |
| Service cost                   | 603,300                 |
| Interest                       | 201,739                 |

| Benefit payments               | (552,289)               |
| Net changes                    | (1,493,374)             |
| Balances at, December 31, 2022 | \$ 8,575,903            |

## Notes to Financial Statements December 31, 2022

### Rate Sensitivity

The following is a sensitivity analysis of the Village's total OPEB liability to changes in the discount rate and the healthcare cost trend rate. The table below presents the total OPEB liability of the Village calculated using the discount rate of 3.72% as well as what the Village total OPEB liability would be if it were calculated using a discount rate that is 1 percentage point lower (2.72%) or 1 percentage point higher (4.72%) than the current rate:

|                      | Decrease<br>(2.72)% | Dis | Current<br>count Rate<br>(3.72)% | 19 | % Increase<br>(4.72)% |
|----------------------|---------------------|-----|----------------------------------|----|-----------------------|
| Total OPEB liability | \$<br>9,553,058     | \$  | 8,575,903                        | \$ | 7,773,891             |

The table below presents the Village's total OPEB liability of the Village calculated using the healthcare rate of 1.20% to 5.00% as well as what the Village's total OPEB liability would be if it were calculated using a healthcare rate that is 1 percentage point lower (0.20% to 4.00%) or 1 percentage point higher (2.20% to 6.00%) than the current rate:

|                      | Current<br>Healthcare |                               |    |                           |    |                                 |
|----------------------|-----------------------|-------------------------------|----|---------------------------|----|---------------------------------|
|                      |                       | Decrease<br>0.20% to<br>4.00% | ,  | Rate<br>1.20% to<br>5.00% |    | % Increase<br>2.20% to<br>6.00% |
| Total OPEB liability | \$                    | 7,459,373                     | \$ | 8,575,903                 | \$ | 9,980,117                       |

## OPEB Expense and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

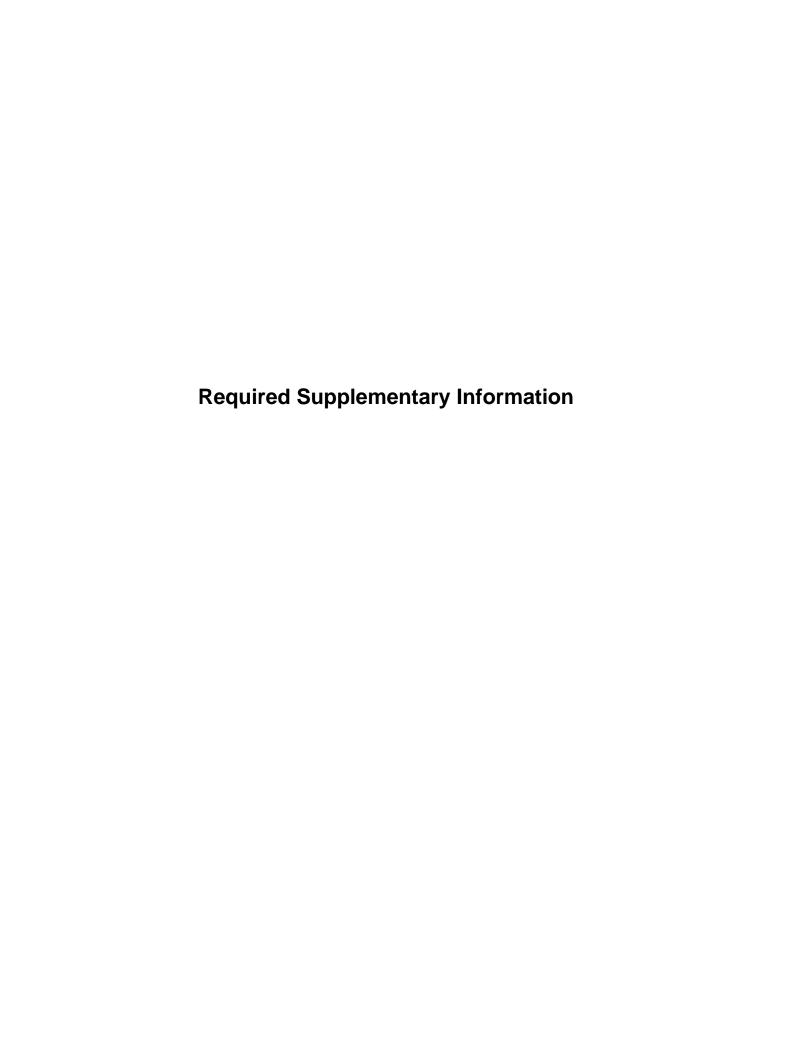

For the year ended December 31, 2022, the Village recognized OPEB expense of \$32,528. At December 31, 2022, the Village reported deferred outflows of resources and deferred inflows of resources related to OPEB as follows:

|   | Deferred Outflows of Resources | Deferred<br>Inflows of<br>Resources |  |  |
|---|--------------------------------|-------------------------------------|--|--|
| Difference between expected and actual experience Changes of assumption | \$ -<br>3,494,691              | \$ 3,534,200<br>8,078,016           |  |  |
| Total   | \$ 3,494,691                   | \$ 11,612,216                       |  |  |

## Notes to Financial Statements December 31, 2022

Amounts reported as deferred outflows of resources and deferred inflows of resources will be recognized in OPEB expense as follows:

| Year Ending<br>December 31, | Amount         |
|-----------------------------|----------------|
| 2023                        | \$ (772,511)   |
| 2024                        | (772,511)      |
| 2025                        | (772,511)      |
| 2026                        | (772,511)      |
| 2027                        | (731,469)      |
| Thereafter                  | (4,296,012)    |
| Total                       | \$ (8,117,525) |

## Notes to Required Supplementary Information December 31, 2022

#### **Budgetary Information**

All departments submit requests for appropriations to the Village Manager so that a budget may be prepared. The proposed budget is prepared by line item, program, department and fund and includes information on previous years' spending, current year estimates and requested appropriations for the next fiscal year.

The proposed budget is presented to the Village Board of Trustees for review. The Village Board of Trustees holds public hearings and may add to, subtract or change appropriations. Once the budget is approved, a formal budget ordinance is adopted providing the legal authority to spend public funds.

The annual budget within functions can be changed by the Village Manager. Changes affecting total functions or funds must be approved by the Village Board of Trustees. Expenditures/expenses may not legally exceed budget at the department/fund level. During the year, one budget amendment was approved by the Village Board of Trustees. The budget figures included in this report reflect all budget amendments made during the year.

Budgets are adopted on a basis consistent with generally accepted accounting principles. Budgets are adopted for the general, special revenue, debt service, capital projects, enterprise, internal service and all trust funds. All annual budgets lapse at year end.

Notes to the Required Supplementary Information

Ultimately, this schedule should present information for the last ten years. However, until ten years of information can be compiled, information will be presented for as many years as is available.

The information presented was determined as part of the actuarial valuations as of December 31 of the prior fiscal year. Additional information as of the latest actuarial valuation presented is as follows: the actuarial cost method was entry-age normal; the amortization method was level percent of pay, closed and the amortization period was 23 years; the asset valuation method was at five-year smoothed market, 20% corridor; and the significant actuarial assumptions were an investment rate of return at 7.25% annually, projected salary increases assumption of 3.35% to 14.25% compounded annually and postretirement benefit increases of 2.50% compounded annually.

### **Nonmajor Special Revenue Funds**

**Motor Fuel Tax Fund** - to account for the maintenance and various street improvements in the Village. Financing is provided by the Village's share of motor fuel tax allotments. State statutes require those allotments to be used to maintain streets.

**Community Development Block Grant Fund** - to account for revenues and expenditures related to the Village's Community Development Block Grant.

**Asset Seizure Fund** - to account for the fines and forfeitures received under the *Zero Tolerance Act* which by law are restricted to use in the fight against drug abuse.

**Roselle Road TIF Fund** - to account for the revenues and expenditures pertaining to the activity in the Roselle Road TIF District.

**Barrington/Higgins TIF Fund** - to account for the revenues and expenditures pertaining to the activity in the Barrington/Higgins TIF District.

**Higgins/Old Sutton TIF Fund** - to account for the revenues and expenditures pertaining to the activity in the Higgins/Old Sutton TIF District.

**Higgins/Hassell TIF Fund** - to account for the revenues and expenditures pertaining to the activity in the Higgins/Hassell TIF District.

#### **Nonmajor Capital Projects Funds**

**Central Area Road Improvement Impact Fee Fund** - to account for developer impact fees assessed under an impact fee ordinance. Resources accumulated are to be used for specific street improvements required due to development along the Barrington Road/Central Road corridors.

**Central Road Corridor Improvement Fund** - to account for financial resources to be used for the construction of public improvements such as streets, storm sewers, street lighting, located in the Central Road area.

**Traffic Improvement Fund** - to account for financial resources arising from developer donations, to be used for various infrastructure improvements.

**Prairie Stone Capital Fund** - to account for bond proceeds and revenue notes used to pay qualified project costs related to the Village's EDA.

**Western Area Traffic Improvement Fund** - to account for financial resources arising from donations by developers building within the Village's western area. Such donations are to be used for needed infrastructure improvements.

**Capital Improvements Fund** - to account for financial resources set aside for large capital improvements for the Village.

Western Area Road Improvement Impact Fee Fund - to account for developer impact fees assessed under an impact fee ordinance. Resources are to be used for specific street improvements within the Village's western area.

**Capital Vehicle and Equipment Fund** - to account for financial resources set aside for large vehicle and equipment purchases for the Village.

**Hoffman Boulevard Bridge Fund** - to account for the maintenance of the Hoffman Boulevard Bridge in accordance with a development agreement.

**Capital Replacement Fund** - to account for financial resources set aside for the replacement of large capital assets.

**Western Corridor Fund** - to account for financial resources to be used for the reconstruction of the new alignment section of Shoe Factory Road.

**2017/2019 Capital Projects Fund** - to account for bond proceeds used to pay qualified project costs related to the Village's 2015B, 2017A and 2019 General Obligation Bonds.

**Road Improvement Fund** - to account for financial resources set aside for large road improvements projects for the Village.

**Stormwater Management Fund** - to account for revenues from stormwater utility fees and to support the costs of improving and maintaining stormwater drainage facilities.

### **Fiduciary Funds**

#### **Pension Trust Funds**

**Police Pension Fund** - to account for the accumulation of resources to pay pension costs. Resources are contributed by police force members at rates fixed by state statutes and by the government through an annual property tax levy.

**Firefighters' Pension Fund** - to account for the accumulation of resources to pay pension costs. Resources are contributed by fire personnel members at rates fixed by state statutes and by the government through an annual property tax levy.

#### **Custodial Fund**

**EDA Special Tax Allocation Fund** - to account for the collection of incremental taxes and other financial resources received to retire certain tax increment revenue notes and to pay certain qualified project costs, all pertaining to the Village's EDA.

### **Statistical Section**

This part of the Village of Hoffman Estates, Illinois' annual comprehensive financial report presents detailed information as a context for understanding what the information in the financial statements, note disclosures and required supplementary information says about the Village's overall financial health.

| Contents   | Page |
|--|------|
| Financial Trends   |      |
| These schedules contain trend information to help the reader understand how the Village's financial performance and well-being have changed over time.   | 160  |
| Revenue Capacity   |      |
| These schedules contain information to help the reader assess the Village's most significant local revenue source, the property tax.   | 176  |
| Debt Capacity  |      |
| These schedules present information to help the reader assess the affordability of the Village's current levels of outstanding debt and the Village's ability to issue additional debt in the future.                    | 188  |
| Demographic and Economic Information   |      |
| These schedules offer demographic and economic indicators to help the reader understand the environment within which the Village's financial activities take place.  | 195  |
| Operating Information  |      |
| These schedules contain service and infrastructure data to help the reader understand how the information in the Village's financial report relates to the services the Village provides and the activities it performs. | 199  |

#### Note:

Every effort has been made to seek out and report the largest taxpayers. However, many of the taxpayers contain multiple parcels, and it is possible that some parcels and their valuations have been overlooked.

Note: Details of the Village's outstanding debt can be found in the notes to financial statements.

a Due to pending litigation, the full Governmental Share and Tax Increment Financing Note payments were not made as of the end of the fiscal year.

b Distribution in FY2021 and FY2022 was a result of the dissolution of the Economic Development Area (EDA) as of 12/31/2021 pursuant to a settlement agreement and court order entered in the United States Bankruptcy Court for the Southern District of New York.
