On-Site Convenience • Fast Appointments • Comprehensive Testing

- **Panel C** – Testing that consists of a 42-component blood chemistry profile.
- **Hemoglobin A1c** – Assesses blood sugar levels over the past 90 to 120 days. This test can help diagnose type 2 diabetes and prediabetes.
- **Prostate Specific Antigen (PSA)** – Screens for signs of prostate cancer in men. (Included at no cost for men age 50 and older)
- **Thyroid-Stimulating Hormone (TSH)** – Screens for signs of thyroid cancer. (Included at no cost for women age 50 and older)
- Blood Pressure Reading
- A personalized report available 2-3 days after your event (pending additional tests ordered) and one year of unlimited access to empower.health.
