Subject: Railroad Public Meeting on Proposed Track Expansion

Dear Resident:

The Village of Hoffman Estates received notice from Wisconsin Central Ltd. (also referred to as Canadian National) that the railroad will hold a public meeting on May 30, 2019 at Timber Trails School. The notice regarding their proposed track expansion is enclosed. If you submitted comments to the Army Corps of Engineers as part of that permit process, you should also be receiving the notice of the meeting. However, we wanted to share this information on the railroad's meeting in case you have not received notice directly. This is not a Village meeting; rather, it is being conducted by the railroad as a result of comments and requests submitted by the Village and others to the Army Corps on the need for a public discussion of the railroad's proposal.

As information becomes available, it is posted on the Village website at www.hoffmanestates.org/CN. You can be informed when updates to the web page are made by sending an email to CanadianNational@hoffmanestates.org and putting "ACOE Permit" in the subject. You may also contact the Village's Transportation & Engineering Division at 847-252-5800.

Thank you.

PUBLIC MEETING NOTICE

Wisconsin Central Ltd. Proposed Track Expansion

From Milepost 37.80 and 41.80 on the Leighton Subdivision (between Spaulding Road and South Sutton Road) Cook County, IL.

U.S. Army Corps of Engineers Project #LRC-2018-00651

The purpose of this public meeting is for the presentation of additional project information and details to the public about the proposed track expansion between Milepost 37.80 and 41.80. This public meeting is part of the U.S. Army Corps of Engineers Section 404 permit review process. An application for the project was submitted to the U.S. Army Corps of Engineers by WCL which was placed on public notice for a 60-day comment period. This public meeting is being held as a result of public comment.

WCL will share project related details and give the public an opportunity to ask questions about the project. The U.S. Army Corps of Engineers will be available to answer questions about the agency's permitting process only.
